Vol. 36, p. 629; Vol. 37, pp. 199, 1565.

Wireless communication laws: To enable the Secretary of Commerce to enforce the Acts of Congress "to require apparatus and operators for radio communication on certain ocean steamers" and "to regulate radio communication" and carry out the international radiotelegraphic convention, examine and settle international radio accounts, including personal services in the District of Columbia, and to employ such persons and means as may be necessary, traveling and subsistence expenses, purchase and exchange of instruments, technical books, tabulating, duplicating, and other office machinery and devices, rent and all other miscellaneous items and necessary expenses not included in the foregoing, \$220,000, of which amount not to exceed \$45,000 may be expended for personal services in the District of Columbia.

Anz, p. 1174.
Services in the District.

Shipping commissioners: For salaries of shipping commissioners, \$37,700.

Shipping commissioners.

Clerk hire.

Clerk hire: For compensation, to be fixed by the Secretary of Commerce, to each person or clerk in the offices of shipping commissioners, \$89,040.

Contingent expenses.

Contingent expenses: For rent, stationery, and other requisites for transaction of the business of shipping commissioners' offices, and for janitor in the commissioner's office at New York; in all, \$9,980.

Standards Bureau.

BUREAU OF STANDARDS

Director, and office personnel.

Salaries: For the director and other personal services in the District of Columbia in accordance with the Classification Act of 1923, \$572,060.

Equipment.

Equipment: For apparatus, machinery, tools, and appliances used in connection with buildings or work of the bureau, typewriters, adding machines, and other labor-saving devices, laboratory supplies, materials, and supplies used in the construction of apparatus, machinery, or other appliances, including their exchange; piping, wiring, and construction incident to the installation of apparatus, machinery, or appliances; furniture for laboratories and offices, cases for apparatus, \$88,000, including \$18,000 for repairs and necessary alterations to buildings.

Repairs to buildings.

General expenses.

General expenses: For fuel for heat, light, and power; office expenses, stationery, cleaning and toilet supplies, books and periodicals, which may be exchanged when not needed for permanent use; traveling expenses (including expenses of attendance upon meetings of technical and professional societies when required in connection with standardization, testing, or other official work of the bureau when incurred on the written authority of the Secretary); street-car fares not exceeding \$100; expenses of the visiting committee; expenses of attendance of American member at the meeting

of the International Committee of Weights and Measures; purchase of gloves, goggles, rubber boots, and aprons; supplies for operation, maintenance, and repair of passenger automobiles and motor trucks for official use, including their exchange; and contingencies of all kinds, \$69,855.

International Committee of Weights and Measures.

Improvement and care of grounds: For grading, construction of roads and walks, piping grounds for water supply, lamps, wiring for lighting purposes, and other expenses incident to the improvement and care of grounds, including foreman and laborers in the District of Columbia, \$13,000, of which amount not to exceed \$9,180 may be expended for personal services in the District of Columbia.

Care, etc., of grounds.

Testing structural materials: For continuation of the investigation of structural materials, such as stone, clays, cement, and so forth, including personal services in the District of Columbia and in the field, \$240,000, of which amount not to exceed \$189,000 may be expended for personal services in the District of Columbia: *Provided*, That as much of this sum as necessary shall be used to collect and disseminate such scientific, practical, and statistical information as may be procured, showing or tending to show approved methods in building, planning, and construction, standardization, and adaptability of structural units, including building materials and codes, economy in the manufacture and utilization of building materials and supplies, and such other matters as may tend to encourage, improve, and cheapen construction and housing.

Structural materials investigations.

Services in the District.
Provided, Disseminating information as to housing, etc.

Testing machines: For maintenance and operation of testing machines, including personal services in connection therewith in the District of Columbia and in the field, for the determination by the Bureau of Standards of the physical constants and the properties of materials as authorized by law, \$38,000, of which amount not to exceed \$34,020 may be expended for personal services in the District of Columbia.

Testing machines for physical constants.

Investigation of fire-resisting properties: For investigation of fire-resisting properties of building materials and conditions under which they may be most efficiently used, and for the standardization of types of appliances for fire prevention, including personal services in the District of Columbia and in the field, \$28,100, of which amount not to exceed \$22,640 may be expended for personal services in the District of Columbia.

Fire-resisting building materials.

Investigation of public-utility standards: For investigation of the standards of practice and methods of measurements of public utilities, such as gas, electric light, electric power, water, telephone, central station heating, and electric railway service, and the solution of the problems which arise in connection with standards in such service, including personal services in the District of Columbia and in the field, \$100,000, of which amount not to exceed \$90,000 may be expended for personal services in the District of Columbia.

Measurements, etc., of public utility standards.

Testing miscellaneous materials: For testing miscellaneous materials, such as varnish materials, soap materials, inks, and chemicals, including supplies for the Government departments and independent establishments, including personal services in the District of Columbia and in the field, as authorized by law, \$44,000, of which amount not to exceed \$42,000 may be expended for personal services in the District of Columbia.

Testing miscellaneous materials.

Radio research: For investigation and standardization of methods and instruments employed in radio communication, including personal services in the District of Columbia and in the field, \$49,800, of which amount not to exceed \$47,200 may be expended for personal services in the District of Columbia.

Radio standardization.

Industrial color standards, etc.

Color standardization: To develop color standards and methods of manufacture and of color measurements, with special reference to their industrial use in standardization and specification of colorants such as dyestuffs, inks, and pigments, and other products, paint, paper, and textiles, in which color is a pertinent property, including personal services in the District of Columbia and in the field, \$10,000, of which amount not to exceed \$9,200 may be expended for personal services in the District of Columbia.

Clay products processes.

Investigation of clay products: To study methods of measurement and technical processes used in the manufacture of pottery, brick, tile, terra cotta, and other clay products, and the study of the properties of the materials used in that industry, including personal services in the District of Columbia and in the field, \$47,000, of which amount not to exceed \$21,500 may be expended for personal services in the District of Columbia.

Mechanical appliances, etc.
Testing mechanical, hydraulic, aeronautic devices, etc.

Standardizing mechanical appliances: To develop methods of testing and standardizing machines, motors, tools, measuring instruments, and other apparatus and devices used in mechanical, hydraulic, and aeronautic engineering; for the comparative study of types of apparatus and methods of operation, and for the establishment of standards of performance; for the accurate determination of fundamental physical constants involved in the proper execution of this work; and for the scientific experiments and investigations needed in solving the problems which may arise in connection therewith, especially in response to the requirements of aeronautics and aviation for information of a purely scientific nature, including personal services in the District of Columbia and in the field, \$27,800, of which amount not to exceed \$25,580 may be expended for personal services in the District of Columbia.

Optical glass production.

Investigation of optical glass: For the investigation of the problems involved in the production of optical glass, including personal services in the District of Columbia and in the field, \$20,520, of which amount not to exceed \$17,000 may be expended for personal services in the District of Columbia.

Textiles, paper, etc., standardization.

Investigation of textiles: To investigate textiles, paper, leather, and rubber in order to develop standards of quality and methods of measurement, including personal services in the District of Columbia and in the field, \$40,700, of which amount not to exceed \$35,120 may be expended for personal services in the District of Columbia.

Sugar standardization.

Sugar standardization: For the standardization and design of sugar-testing apparatus; the development of technical specifications for the various grades of sugars, with particular reference to urgent problems made pressing by conditions following the war, especially involving the standardization and manufacture of sugars; for the study of the technical problems incidental to the collection of the revenue on sugar and to determine the fundamental scientific constants of sugars and other substances; for the standardization and production of rare and unusual types of sugars required for the medical service of the Government departments; and for other technical and scientific purposes, including personal services in the District of Columbia and in the field, \$48,160, of which amount not to exceed \$44,000 may be expended for personal services in the District of Columbia.

Rare and unusual types.

Gauge standardization: To provide by cooperation of the Bureau of Standards, the War Department, and the Navy Department for the standardization and testing of the standard gauges, screw threads, and standards required in manufacturing throughout the United States, and to calibrate and test such standard gauges, screw threads, and standards, including necessary equipment and personal services in the District of Columbia and in the field, \$38,320, of

Gauges and screw threads.
Cooperative standardization, etc., of.

which amount not to exceed \$36,180 may be expended for personal services in the District of Columbia.

Investigation of mine scales and cars: For investigating the conditions and methods of use of scales and mine cars used for weighing and measuring coal dug by miners, for the purpose of determining wages due, and of conditions affecting the accuracy of the weighing or measuring of coal at the mines, including personal services in the District of Columbia and in the field, \$12,800, of which amount not to exceed \$9,600 may be expended for personal services in the District of Columbia.

Coal weighing, etc.,
at mines.

Metallurgical research: For metallurgical research, including alloy steels, foundry practice, and standards for metals and sands; casting, rolling, forging, and the properties of aluminum alloys; prevention of corrosion of metals and alloys; development of metal substitutes, as for platinum; behavior of bearing metals; preparation of metal specifications; investigation of new metallurgical processes and study of methods of conservation in metallurgical manufacture and products; investigation of materials used in the construction of rails, wheels, axles, and other railway equipment, and the cause of their failure; including personal services in the District of Columbia and in the field, \$48,140, of which amount not to exceed \$44,600 may be expended for personal services in the District of Columbia.

Metallurgical re-
search.

Railway equipment.

High temperature investigations: For laboratory and field investigations of suitable methods of high temperature measurements and control in various industrial processes and to assist in making available directly to the industries the results of the bureau's investigations in this field, including personal services in the District of Columbia and in the field, \$9,740, of which amount not to exceed \$8,460 may be expended for personal services in the District of Columbia.

High temperature
measurements.

Sound investigation: For the investigation of the principles of sound and their application to military and industrial purposes, including personal services in the District of Columbia and in the field, \$10,580, of which amount not to exceed \$9,700 may be expended for personal services in the District of Columbia.

Sound investigations.

Industrial research: For technical investigations in cooperation with the industries upon fundamental problems involved in industrial development following the war, with a view to assisting in the permanent establishment of the new American industries, including personal services in the District of Columbia and elsewhere, \$172,320, of which amount not to exceed \$165,000 may be expended for personal services in the District of Columbia.

Industrial research
investigations.

Testing railroad track and other scales: For investigation and testing of railroad track scales, elevator scales, and other scales used in weighing commodities for interstate shipments and to secure equipment and assistance for testing the scales used by the Government in its transactions with the public, such as post office, navy yard, and customhouse scales, and for the purpose of cooperating with the States in securing uniformity in the weights and measures laws and in the methods of inspection, including personal services in the District of Columbia and in the field, \$47,000, of which amount not to exceed \$25,460 may be expended for personal services in the District of Columbia.

Testing large scales,
etc.

Standardization of equipment: To enable the Bureau of Standards to cooperate with Government departments, engineers, and manufacturers in the establishment of standards, methods of testing, and inspection of instruments, equipment, tools, and electrical and mechanical devices used in the industries and by the Government,

Cooperative stand-
ardization of industrial
devices, etc.

including the practical specification for quality and performance of such devices, and the formulation of methods of inspection, laboratory, and service tests, including personal services in the District of Columbia and in the field, \$130,000, of which amount not to exceed \$114,000 may be expended for personal services in the District of Columbia.

Standards for checking chemical analyses.

Standard materials: For purchase, preparation, analysis, and distribution of standard materials to be used in checking chemical analyses and in the testing of physical measuring apparatus, including personal services in the District of Columbia and in the field, \$10,000, of which amount not to exceed \$8,000 may be expended for personal services in the District of Columbia.

Radioactive investigations and X rays.

Investigation of radioactive substances and X rays: For an investigation of radioactive substances and the methods of their measurements and testing; for investigations relative to the development of standard specifications for X-ray equipment and operation; for the investigation of the hazards of X-ray practice; for the testing and standardization of X-ray protective materials; for the standardization and design of X-ray testing equipment; for the determination of fundamental physical constants essential to X-ray diagnosis and therapy to X-ray analysis of materials and to other technical and scientific applications, including personal services in the District of Columbia and in the field, \$29,540, of which amount not to exceed \$22,180 may be expended for personal services in the District of Columbia.

Utilizing waste products from the land.

Utilization of waste products from the land: For the survey of the possibilities of the industrial utilization of waste products from the land, including cooperation with colleges, other institutions and manufacturers, including personal services in the District of Columbia and in the field, \$50,000, of which amount not to exceed \$41,000 may be expended for personal services in the District of Columbia.

Automotive engines investigations, etc.

Investigation of automotive engines: For the promotion of economy and efficiency in automotive transportation by land and by air through investigations of the basic principles underlying the design, performance, operation, and testing of automotive engines, their fuels, lubricants, accessories, and the power transmitting system used in connection with them, also such elements as brakes and brake linings; to promote economy in the use of liquid fuels and safety in vehicular traffic, including personal services in the District of Columbia and in the field, \$25,000, of which amount not to exceed \$20,680 may be expended for personal services in the District of Columbia.

Dental materials investigations.

Investigation of dental materials: To investigate the physical and chemical properties of dental materials, including the method of their application and the causes of deterioration of such materials in service, for the purpose of developing standards of quality and standard methods of test, including personal services in the District of Columbia and in the field, \$5,000, of which amount not to exceed \$4,500 may be expended for personal services in the District of Columbia.

Power plant.
Erection of building.

Ante, p. 773.

Immediately available.

Cooperative work with departments, etc., in scientific investigations, etc.

Building for power plant: For the erection of a suitable fireproof power-plant building, on the present site of the Bureau of Standards in the District of Columbia, as authorized in the Act entitled "An Act authorizing the construction by the Secretary of Commerce of a power-plant building on the present site of the Bureau of Standards in the District of Columbia," approved June 26, 1926, including contract architectural services, \$200,000, to be immediately available. During the fiscal year 1928 the head of any department or independent establishment of the Government having funds available for scientific investigations and requiring cooperative work by the

Bureau of Standards on scientific investigations within the scope of the functions of that bureau, and which the Bureau of Standards is unable to perform within the limits of its appropriations, may, with the approval of the Secretary of Commerce, transfer to the Bureau of Standards such sums as may be necessary to carry on such investigations. The Secretary of the Treasury shall transfer on the books of the Treasury Department any sums which may be authorized hereunder, and such amounts shall be placed to the credit of the Bureau of Standards for the performance of work for the department or establishment from which the transfer is made, including, where necessary, compensation for personal services in the District of Columbia and in the field.

Transfer of funds to credit of bureau.

BUREAU OF LIGHTHOUSES

Lighthouses Bureau.

Salaries: For the commissioner and other personal services in the District of Columbia in accordance with the Classification Act of 1923, \$94,250.

Commissioner, and office personnel.

General expenses: For supplies, including replacement of and necessary additions to existing equipment, repairs, maintenance, and incidental expenses of lighthouses and other lights, beacons, buoyage, fog signals, lighting of rivers heretofore authorized to be lighted, light vessels, other aids to navigation, and lighthouse tenders, including the establishment, repair, and improvement of beacons and day marks, and purchase of land for same; establishment of post lights, buoys, submarine signals, and fog signals; establishment of oil or carbide houses, not to exceed \$10,000: *Provided*, That any oil or carbide house erected hereunder shall not exceed \$1,000 in cost; construction of necessary outbuildings at a cost not exceeding \$1,000 at any one light station in any fiscal year; improvement of grounds and buildings connected with light stations and depots; restoring light stations and depots and buildings connected therewith: *Provided further*, That such restoration shall be limited to the original purpose of the structures; wages of persons attending post lights; temporary employees and field force while engaged on works of general repair and maintenance, and laborers and mechanics at lighthouse depots; rations and provisions or commutation thereof for working parties in the field, officers and crews of light vessels and tenders, and officials and other authorized persons of the Lighthouse Service on duty on board of such tenders or vessels, and money accruing from commutation for rations and provisions for the above-named persons on board of tenders and light vessels or in working parties in the field may be paid on proper vouchers to the person having charge of the mess of such vessel or party; not exceeding \$2,000 for packing, crating, and transporting personal household effects of employees when transferred from one official station to another for permanent duty; purchase of rubber boots, oilskins, rubber gloves, and coats, caps, and aprons for stewards' departments on vessels; reimbursement under rules prescribed by the Secretary of Commerce of keepers of light stations and masters of light vessels and of lighthouse tenders for rations and provisions and clothing furnished shipwrecked persons who may be temporarily provided for by them, not exceeding in all \$5,000 in any fiscal year; fuel, light, and rent of quarters where necessary for keepers of lighthouses; purchase of land sites for fog signals; rent of necessary ground for all such lights and beacons as are for temporary use or to mark changeable channels and which in consequence can not be made permanent; rent of offices, depots, and wharves; traveling expenses, including travel for the

examinations authorized by the Act entitled "An Act to provide for retirement for disability in the Lighthouse Service," approved March 4, 1925; mileage; library books for light stations and vessels, and technical books and periodicals not exceeding \$1,000; traveling and subsistence expenses of teachers while actually employed by States or private persons to instruct the children of keepers of lighthouses; all other contingent expenses of district offices and depots, including the purchase of provisions for sale to lighthouse keepers at isolated stations, and the appropriation reimbursed, and not exceeding \$8,500 for contingent expenses of the office of the Bureau of Lighthouses in the District of Columbia, \$4,275,000, of which \$5,000 shall be immediately available for payment to the proper authorities of the State of Pennsylvania as the share of the Lighthouse Service in the cost of the road constructed across the Presque Isle Lighthouse Reservation, Pennsylvania, and connecting the State Park with the city of Erie.

Contingent expenses.

Road, Presque Isle Reservation, Pa.

Keepers. Keepers of lighthouses: For salaries of not exceeding one thousand eight hundred lighthouse and fog-signal keepers and persons attending lights exclusive of post lights, \$1,960,000.

Officers and crews of vessels. Lighthouse vessels: For salaries and wages of officers and crews of light vessels and lighthouse tenders, including temporary employment when necessary, \$2,273,000.

Superintendents, clerks, etc., in the field. Superintendents, clerks, and so forth: For salaries of seventeen superintendents of lighthouses, and of assistant superintendents, clerks, draftsmen, and other authorized permanent employees in the district offices and depots of the Lighthouse Service, exclusive of those regularly employed in the office of the Bureau of Lighthouses, District of Columbia, \$570,000.

Retired pay. Retired pay: For retired pay of officers and employees engaged in the field service or on vessels of the Lighthouse Service, except persons continuously employed in district offices and shops, \$225,000.

Public works. Vessels. Public works: For constructing or purchasing and equipping lighthouse tenders and light vessels for the Lighthouse Service as may be specifically approved by the Secretary of Commerce not to exceed \$609,000; and for establishing and improving aids to navigation and other works as may be specifically approved by the Secretary of Commerce, \$638,000; in all, \$1,247,000.

Aids to navigation.

Coast and Geodetic Survey.

COAST AND GEODETIC SURVEY

All expenditures.

For every expenditure requisite for and incident to the work of the Coast and Geodetic Survey, including maintenance, repair, or operation of motor-propelled or horse-drawn vehicles for use in field work, purchase of motor cycles with side cars not to exceed \$1,000, surveying instruments, rubber boots, canvas and rubber gloves, goggles, and caps, coats, and aprons for stewards' departments on vessels, extra compensation at not to exceed \$1 per day for each station to employees of the Lighthouse Service and the Weather Bureau while observing tides or currents, services of one tide observer in the District of Columbia at not to exceed \$1 per day, and compensation, not otherwise appropriated for, of persons employed in the field work, commutation to officers of the field force while on field duty, at a rate not exceeding \$3 per day each, to be expended in accordance with the regulations relating to the Coast and Geodetic Survey prescribed by the Secretary of Commerce, and under the following heads:

Distribution.

Field expenses. Atlantic and Gulf coasts.

Field expenses. Atlantic coast: For surveys and necessary re-surveys of the Atlantic and Gulf coasts of the United States, including the coasts of outlying islands under the jurisdiction of the

United States, \$122,420: *Provided*, That not more than \$45,000 of this amount shall be expended on the coasts of said outlying islands and the Atlantic entrance to the Panama Canal.

Proviso.
Islands limitations.

Pacific coast: For surveys and necessary resurveys of coasts on the Pacific Ocean under the jurisdiction of the United States, including not to exceed \$3,000 for construction of temporary shelter for the care of equipment and housing of personnel, \$315,640;

Pacific coast.

Tides, currents, and so forth: For continuing researches in physical hydrography, relating to harbors and bars, and for tidal and current observations on the coasts of the United States, or other coasts under the jurisdiction of the United States, \$26,775;

Physical hydrography.

Coast Pilot: For compilation of the Coast Pilot, including the employment of such pilots and nautical experts, and stenographic help in the field and office as may be necessary for the same, \$6,500.

Coast Pilot.

Magnetic work: For continuing magnetic and seismological observations and to establish meridian lines in connection therewith in all parts of the United States; making magnetic and seismological observations in other regions under the jurisdiction of the United States; purchase of additional magnetic and seismological instruments; lease of sites where necessary and the erection of temporary magnetic and seismological buildings; and including the employment in the field and office of such magnetic and seismological observers as may be necessary, \$40,000.

Magnetic and seismological investigations.

Federal, boundary, and State surveys: For continuing the lines of exact levels between the Atlantic, Pacific, and Gulf coasts; determining geographic positions by triangulation and traverse for the control of Federal, State, boundary, county, city, and other surveys and engineering works in all parts of the United States; determining field astronomic positions and the variation of latitude, including the maintenance and operation of the latitude observatory at Ukiah, California, not exceeding \$2,500; establishing lines of exact levels, determining geographic positions by triangulation and traverse, and making astronomic observations in Alaska; and continuing gravity observations in the United States and for making such observations in regions under the jurisdiction of the United States and also on islands and coasts adjacent thereto, \$88,735, of which \$10,000 shall be immediately available.

Federal and State surveys, etc.

For executing precise triangulation and leveling in regions subject to earthquakes, \$10,000.

Earthquake regions.

For special surveys that may be required by the Bureau of Lighthouses or other proper authority, and contingent expenses incident thereto, \$3,000;

Special surveys.

For objects not hereinbefore named that may be deemed urgent, including the preparation or purchase of plans and specifications of vessels and the employment of such hull draftsmen in the field and office as may be necessary for the same; the reimbursement, under rules prescribed by the Secretary of Commerce, of officers of the Coast and Geodetic Survey for food, clothing, medicines, and other supplies furnished for the temporary relief of distressed persons in remote localities and to shipwrecked persons temporarily provided for by them, not to exceed a total of \$550; actual necessary expenses of officers of the field force temporarily ordered to the office in the District of Columbia for consultation with the director, and not exceeding \$1,000 for the expenses of the attendance of representatives of the Coast and Geodetic Survey who may be designated as delegates from the United States at the meetings of the International Research Council or of its branches, \$4,000;

Miscellaneous.

Relieving shipwrecked, etc., persons.

Attending International Research Council.

In all, field expenses, \$617,070.

Vessels,
Repairs, etc.

Vessels: For repairs of vessels, including traveling expenses of persons inspecting the repairs, and exclusive of engineer's supplies and other ship chandlery, \$80,000.

Equipment employ-
ees.

For all necessary employees to man and equip the vessels, including professional seamen serving as mates on vessels of the survey, to execute the work of the survey herein provided for and authorized by law, \$650,000.

Pay, etc., commis-
sioned officers.

Pay, commissioned officers: For pay and allowances prescribed by law for commissioned officers on sea duty and other duty, holding relative rank with officers of the Navy, including one director with relative rank of captain, two hydrographic and geodetic engineers with relative rank of captain, seven hydrographic and geodetic engineers with relative rank of commander, nine hydrographic and geodetic engineers with relative rank of lieutenant commander, thirty-eight hydrographic and geodetic engineers with relative rank of lieutenant, fifty-five junior hydrographic and geodetic engineers with relative rank of lieutenant (junior grade), twenty-nine aids with relative rank of ensign, and including officers retired in accordance with existing law, \$490,000: *Provided*, That the Secretary of Commerce may designate one of the hydrographic and geodetic engineers to act as assistant director.

Proviso.
Assistant director.

Office personnel.

Office force: For personal services in the District of Columbia in accordance with the Classification Act of 1923, \$446,520.

Office expenses.

Office expenses: For purchase of new instruments (except surveying instruments), including their exchange, materials, equipment, and supplies required in the instrument shop, carpenter shop, and drawing division; books, scientific and technical books, journals, books of reference, maps, charts and subscriptions; copper plates, chart paper, printer's ink, copper, zinc, and chemicals for electrotyping and photographing; engraving, printing, photographing, and electrotyping supplies; photolithographing charts and printing from stone and copper for immediate use; stationery for office and field parties; transportation of instruments and supplies when not charged to party expenses; office wagon and horses or automobile truck; heating, lighting, and power; telephones, including operation of switchboard; telegrams, ice, and washing; office furniture, repairs, traveling expenses of officers and others employed in the office sent on special duty in the service of the office; miscellaneous expenses, contingencies of all kinds, not exceeding \$90 for street car fares, \$65,000.

Subsistence allow-
ance restricted.

Appropriations herein made for the Coast and Geodetic Survey shall not be available for allowance to civilian or other officers for subsistence while on duty at Washington (except as hereinbefore provided for officers of the field force ordered to Washington for short periods for consultation with the director), except as now provided by law.

Fisheries Bureau.

BUREAU OF FISHERIES

Commissioner, and
office personnel.

Commissioner's office: For the commissioner and other personal services in the District of Columbia in accordance with the Classification Act of 1923, \$166,778.

Pay of field employ-
ees.

For pay of employees in the field, as follows: Alaska service, \$49,210; employees at large, \$40,850; distribution (car) employees, \$33,600; employees at fish-cultural stations, \$260,000; employees at fish rescue station, Mississippi River Valley, \$19,600; employees at biological stations, \$40,860; for pay of officers and employees for the vessels of the Atlantic coast, \$42,800; for officers and crew of vessels for Alaska Fisheries Service, \$65,970; in all, \$552,890.

Vessel employees.

Administration: For expenses of the office of the commissioner, including stationery, scientific and reference books, periodicals and newspapers for library, furniture and equipment, telegraph and telephone service, street-car fares not exceeding \$150, compensation of temporary employees, and all other necessary expenses connected therewith, \$4,400.

Administration expenses.

Propagation of food fishes: For maintenance, repair, alteration, improvement, equipment, and operation of fish-cultural stations, general propagation of food fishes and their distribution, including movement, maintenance, and repairs of cars, purchase of equipment (including rubber boots and oilskins) and apparatus, contingent expenses, temporary labor, and not to exceed \$10,000 for propagation and distribution of fresh-water mussels and the necessary expenses connected therewith, \$487,000.

Propagation expenses.

The appropriation of \$30,000 for the fiscal year 1927 for a fish-cultural station as an auxiliary to the station at Leadville, Colorado, is continued available for such purposes during the fiscal year 1928.

Leadville, Colo., auxiliary station.
