All employees to whom this Act applies who would be eligible for retirement from the service upon attaining the age of sixty-two years shall, after attaining the age of sixty years and having rendered at least thirty years' service, computed as provided in section 7, of this Act, be eligible for retirement on an annuity as provided in section 6 of this Act. Retirement under the provisions of this paragraph shall be at the option of the employee, but if such option is not exercised prior to the date upon which the employee would otherwise be eligible for retirement from the service, the provisions of this Act with respect to automatic separation from the service shall apply.

Voluntary retirement.

SEC. 3. (a) Any employee to whom this Act applies who shall have attained the age of fifty-five and rendered at least twenty-five years of service, of which not less than fifteen years shall have been rendered on the Isthmus of Panama, may voluntarily retire on an annuity equivalent in value to the present worth of a deferred annuity beginning at the age at which the employee would otherwise have become eligible for retirement, computed as provided in section 6 of this Act, the present worth of said deferred annuity to be determined on the basis of the American Experience Table of Mortality and an interest rate of 4 per centum, compounded annually.

(b) Any employee to whom this Act applies may voluntarily retire on an annuity computed as provided in section 6, who shall have attained the age of fifty-five and rendered at least thirty years of service on the Isthmus of Panama (inclusive of absences while in the service of the United States during the World War), of which not less than three years shall have been in the employment of the Isthmian Canal Commission or the Panama Railroad Company between May 4, 1904, and April 1, 1914.

Disability retirement.

SEC. 4. (a) Any employee to whom this Act applies who shall have attained the age of fifty-five years and shall have rendered at least fifteen years of service on the Isthmus of Panama, and who shall have become physically or mentally disqualified to perform satisfactorily and efficiently the duties of his position or of any other position of approximately equal compensation to which he might be assigned, because of the strenuous or hazardous nature of such position, shall, upon the request or order of the Governor of the Panama Canal, be retired on an annuity computed in accordance with the provisions of section 6 hereof: Provided, That no such employees shall be so retired except after an examination and finding as to his mental or physical disqualifications as hereinafter provided.

(b) Any employee to whom this Act applies who shall have served for a total period of not less than five years, and who, before becoming eligible for retirement under the conditions defined in section 2 hereof, shall have become totally disabled for useful
and efficient service in the grade or class of position occupied by the employee, by reason of disease or injury not due to vicious habits, intemperance, or willful misconduct on the part of the employee, shall upon his own application or upon request or order of the Governor of the Panama Canal, be retired on an annuity computed in accordance with the provisions of section 6 hereof.

No claim shall be allowed under the provisions of this section unless the application for retirement shall have been executed prior to the applicant's separation from the service or within six months thereafter. No employee shall be retired under the provisions of this section unless he or she shall have been examined by a medical officer of the United States, or a duly qualified physician or surgeon, or board of physicians or surgeons, designated by the Commissioner of Pensions for that purpose, and found to be disabled in the degree and in the manner specified herein.

Every annuitant retired under the provisions of this section, unless the disability for which he was retired was permanent in character, shall at the expiration of one year from the date of such retirement and annually thereafter, until reaching retirement age as defined in section 2 hereof, be examined under the direction of the Commissioner of Pensions by a medical officer of the United States, or a duly qualified physician or surgeon, or board of physicians or surgeons designated by the Commissioner of Pensions for that purpose, in order to determine the nature and degree of the annuitant's disability, if any. If an annuitant shall recover before reaching the age at which he would otherwise have become eligible for retirement and be restored to an earning capacity which would permit him to be appointed to some appropriate position fairly comparable in compensation to the position occupied at the time of retirement, payment of the annuity shall be continued temporarily to afford the annuitant opportunity to seek such available position, but not in any case exceeding ninety days from the date of the medical examination showing such recovery.

If the annuitant shall fail to obtain reemployment through no fault of his own within the ninety-day period in any position included in the provisions of this Act, he shall be considered as involuntarily separated from the service as of the date he shall have been retired for disability, and if otherwise eligible, entitled to an annuity under section 5 of this Act to begin at the close of said ninety-day period based on the service rendered prior to his retirement for disability.

The Commissioner of Pensions may order or direct at any time such medical or other examination as he shall deem necessary to determine the facts relative to the nature and degree of disability of any employee retired on an annuity under this section. Should an annuitant fail to appear for any examination required under this section, payment of the annuity shall be suspended until the requirement shall have been met.

In all cases where the annuity is discontinued under the provisions of this section before the annuitant has received a sum equal to the amount credited to his individual account as provided in section 11 (a) hereof, together with interest at 4 per centum per annum compounded on June 30 of each year, the difference, unless he shall become reemployed in a position within the purview of this Act, shall be paid to the retired employee, as provided in section 11 (b) hereof, upon application therefor in such form and manner as the Commissioner of Pensions may direct. In case of reemployment in a position within the purview of this Act the amount so refunded shall be redeposited as provided in section 11 (b) hereof.
No person shall be entitled to receive an annuity under the provisions of this Act, and compensation under the provisions of the Act of September 7, 1916, entitled "An Act to provide compensation for employees of the United States suffering injuries while in the performance of their duties, and for other purposes," or such Act as amended, covering the same period of time; but this provision shall not be so construed as to bar the right of any claimant to the greater benefit conferred by either Act for any part of the same period of time.

Fees for examinations made under the provisions of this section, by physicians or surgeons who are not medical officers of the United States, shall be fixed by the Commissioner of Pensions, and such fees, together with the employee's reasonable traveling and other expenses incurred in order to submit to such examinations, shall be paid out of the appropriations for the cost of administering this Act.

Sec. 5. Should any employee fifty-five years of age or over to whom this Act applies, after having served for a total period of not less than fifteen years and before becoming eligible for retirement under the conditions defined in section 2 hereof, become involuntarily separated from the service, not by removal for cause on charges of misconduct or delinquency, such employee shall be paid as he may elect, either—

(a) The amount of the deductions from his basic salary, pay, or compensation, including accrued interest thereon computed as prescribed in section 11 (b) hereof;

(b) An immediate life annuity beginning at the date of separation from the service, having a value equal to the present worth of a deferred annuity beginning at the age at which the employee would otherwise have become eligible for retirement, computed as provided in section 6 of this Act, the present worth of said deferred annuity to be determined on the basis of the American Experience Table of Mortality and an interest rate of 4 per centum, compounded annually; or

(c) A deferred annuity beginning at the age at which the employee would otherwise become eligible for retirement computed as provided in section 6 of this Act.

Any employee who has served for a period of not less than fifteen years, and who is forty-five years of age, or over, and less than fifty-five years, and who becomes separated from the service under the conditions set forth in this section shall be entitled to a deferred annuity, but such employee may, upon reaching the age of fifty-five years, elect to receive an immediate annuity as provided in paragraph (b) of this section.

Should an annuitant under the provisions of this section be reemployed in any position included in the provisions of this Act, payment of annuity shall not be allowed covering the period of such reemployment, and an annuity based upon involuntary separation shall not be allowed upon subsequent separation from the service unless such subsequent separation shall be involuntary.

METHOD OF COMPUTING ANNUITIES

Sec. 6. The annuity of an employee retired under the provisions of this Act shall be composed of—

(1) A sum equal to $37.50 multiplied by the number of years of service, not to exceed thirty years, rendered (a) on the Isthmus of
Panama, or (b) in the military or naval service of the United States in the Tropics; and

(2) The annuity purchasable with the sum to the credit of the employee's individual account, including accrued interest thereon computed as prescribed in section 11 (a) hereof, according to the experience of the Canal Zone retirement and disability fund as may from time to time be set forth in tables of annuity values by the board of actuaries; and

(3) Thirty dollars multiplied by the number of years of service rendered and not allowable under paragraph (1) hereof: Provided, That the number of years of service to be used in computing the allowance under paragraph (3) shall not exceed the difference between thirty and the number of allowable years of service under paragraph (1); and

(4) Thirty-six dollars multiplied by the number of years of service rendered on the Isthmus of Panama, either in the employ of the Isthmian Canal Commission or the Panama Railroad Company, between May 4, 1904, and April 1, 1914.

In no case, however, shall the total annuity paid exclusive of that provided in paragraph (4) hereof, be less than an amount equal to the sum of—

The average annual basic salary, pay, or compensation, not to exceed $2,000 per annum, received by the employee during any five consecutive years of allowable service at the option of the employee, multiplied by the number of years of service used in computing the annuity under paragraph (1) hereof, and divided by forty; and the average annual basic salary, pay, or compensation, not to exceed $1,600 per annum, received by the employee during any five consecutive years of allowable service at the option of the employee, multiplied by the number of years of service used in computing the annuity under paragraph (3) hereof, and divided by forty: Provided, That the annuity paid a retiring employee of the Panama Railroad Company in such service on June 30, 1931, shall be an amount equal to 2 per centum of the average annual basic salary, pay, or compensation, not to exceed $5,000 per annum, received by the employee during any five consecutive years of allowable service at the option of the employee, multiplied by the number of years of allowable service rendered prior to July 1, 1931; plus the amount to which the employee is entitled under the provisions of this section, exclusive of paragraph (4), for service rendered subsequent to June 30, 1931: Provided, however, That the sum to be used in computing the annuity purchasable under paragraph (2) of this section shall include only contributions made subsequent to June 30, 1931: And provided further, That the number of years of service to be used in computing the annuity under paragraphs (1) and (3) of this section shall not exceed the difference between thirty and the number of years of allowable service rendered prior to July 1, 1931.

The annuity granted under paragraphs (1), (3), and (4) of this section shall not exceed three-fourths of the average annual basic salary, pay, or compensation received by the employee during any five consecutive years of allowable service at the option of the employee.

Any employee at the time of his retirement may elect to receive, in lieu of the life annuity herein described, an increased annuity of equivalent value which shall carry with it a proviso that no unexpended part of the principal upon the annuitant's death shall be returned. For the purposes of this Act all periods of service shall be computed in accordance with section 7 hereof, and the annuity shall be fixed at the nearest multiple of twelve.
The term "basic salary, pay, or compensation," wherever used in this Act, shall be so construed as to exclude from the operation of the Act all bonuses, allowances, overtime pay, or salary, pay, or compensation given in addition to the base pay of the position as fixed by law or regulation.

**COMPUTATION OF ACCREDITED SERVICE**

**Sec. 7.** Subject to the provisions of section 8 hereof, the service which shall form the basis for calculating the amount of any benefit provided in this Act shall be computed from the date of original employment, whether as a classified or an unclassified employee, in the civil service of the United States or under the municipal government of the District of Columbia, including periods of service at different times and in one or more departments, branches, or independent offices of the Government, and service on the Isthmus of Panama with the Isthmian Canal Commission, the Panama Canal, or the Panama Railroad Company; also periods of service performed overseas under authority of the United States and periods of honorable service in the Army, Navy, Marine Corps, or Coast Guard of the United States. In the case of an employee, however, who is eligible for and elects to receive a pension under any law, or retired pay on account of military or naval service, or compensation under the War Risk Insurance Act, the period of his military or naval service upon which such pension, retired pay, or compensation is based shall not be included, but nothing in this Act shall be so construed as to affect in any manner his right to a pension, or to retired pay, or to compensation under the War Risk Insurance Act in addition to the annuity herein provided.

In determining the total periods of service upon which the allowances are to be computed under section 6 hereof, the fractional part of a month, if any, shall be eliminated from each respective total period.

**CREDIT FOR PAST SERVICE**

**Sec. 8.** All employees coming within the provisions of this Act after the effective date thereof shall be required to deposit with the Treasurer of the United States to the credit of the Canal Zone retirement and disability fund referred to in section 9 hereof, under rules to be prescribed by the Commissioner of Pensions, a sum equal to 2½ per centum of the employee's basic salary, pay, or compensation received for services rendered after July 31, 1920, and prior to July 1, 1926, and also 3½ per centum of the basic salary, pay, or compensation for services rendered subsequent to June 30, 1926, together with interest computed at the rate of 4 per centum per annum compounded on the last day of each fiscal year, but such interest shall not be included for any period during which the employee was separated from the service. Upon making such deposit the employee shall be entitled to credit for the period or periods of service involved: Provided, That no such deposit shall be required on account of services rendered for the Panama Railroad Company prior to January 1, 1924: Provided further, That failure to make such deposit shall not deprive the employee of credit for any past service for which no deposit is required under the provisions of this section.
DEDUCTIONS

SEC. 9. Beginning July 1, 1931, there shall be deducted and withheld from the basic salary, pay, or compensation of each employee to whom this Act applies a sum equal to 5 per centum of such employee's basic salary, pay, or compensation. The amounts so deducted and withheld from the basic salary, pay, or compensation of each employee shall be deposited with the Treasurer of the United States to the credit of a special fund to be known as the Canal Zone retirement and disability fund, in accordance with the procedure now or hereafter prescribed for covering into the United States Treasury the deductions from salaries under the Civil Service Retirement Act of May 22, 1920, as amended, and said fund is hereby appropriated for the payment of the annuities, refunds, and allowances as provided in this Act.

The Commissioner of Pensions is hereby authorized and directed to ascertain the amount, including accrued interest, due employees of the Panama Canal coming within the purview of this Act from the civil service retirement and disability fund created by the Act of May 22, 1920, and to certify same to the Secretary of the Treasury, who is hereby authorized and directed to transfer such amount on the books of the Treasury Department to the Canal Zone retirement and disability fund.

The board of directors of the Panama Railroad Company shall cause to be transferred to the Secretary of the Treasury, for credit to the Canal Zone retirement and disability fund, the gross assets in the Panama Railroad pension fund at the close of business on June 30, 1931, applying to employees included within the provisions of this Act, subject to the assumption of the liabilities of that fund as of the close of business on June 30, 1931, by the Canal Zone retirement and disability fund.

Every employee coming within the provisions of this Act shall be deemed to consent and agree to the deductions from salary, pay, or compensation as provided herein, and payment less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all regular services rendered by such employee during the period covered by such payment, except the right to the benefits to which he shall be entitled under the provisions of this Act, notwithstanding the provisions of any other law, rule, or regulation affecting the salary, pay, or compensation of any person or persons to whom this Act applies.

INVESTMENTS AND ACCOUNTS

SEC. 10. The Secretary of the Treasury shall invest from time to time in interest-bearing securities of the United States or in Federal farm-loan bonds such portions of the Canal Zone retirement and disability fund as in his judgment may not be immediately required for the payment of the annuities, refunds, and allowances herein authorized, and the incomes derived from such investments shall constitute a part of such fund.

account.

(b) In the case of any employee to whom this Act applies who
shall be transferred to a position not within the purview of the
Act, or who shall become absolutely separated from the service
before becoming eligible for retirement on annuity, the amount
credited to his individual account shall be returned to such employee
together with interest at 4 per centum per annum compounded on
June 30 of each year: Provided, That when any employee becomes
involuntarily separated from the service, not by removal for cause
on charges of misconduct or delinquency, the total amount of his
deductions with interest thereon shall be paid to such employee:
And provided further, That all moneys so returned to an employee

employee who is legally incompetent does not exceed $1,000, and if
there has been no demand upon the Commissioner of Pensions by a
duly appointed executor, administrator, guardian, or committee, pay-
ment may be made, after the expiration of thirty days from date of
death or of separation from the service, as the case may be, to such
person or persons as may appear in the judgment of the Commis-
ssioner of Pensions to be legally entitled thereto, and such payment
shall be a bar to recovery by any other person.

PAYMENT OF ANNUITIES

Sec. 12. Annuities granted under the terms of this Act shall be due
and payable in monthly installments on the first business day of the
month following the month or other period for which the annuity
shall have accrued; and payment of all annuities, refunds, and allow-

All those who were separated from the service of either the Panama Canal or the Panama Railroad Company on the Isthmus of Panama, subsequent to August 1, 1920, and before the effective date of this Act, not by removal for cause on charges of misconduct or delinquency, without having been granted retirement annuities due to the fact that all of their service which would be allowable under the provisions of this Act was not counted in arriving at their total service, and who are otherwise eligible by having made the necessary contributions to the retirement and disability funds as herein provided, shall, from the effective date of this Act, be paid annuities in accordance with the provisions of this Act.
