For the effectuation of its authorized purposes, the commission is hereby granted the following powers:
(a) To have perpetual succession.
(b) To sue and be sued.
(c) To adopt and use an official seal.
(d) To elect a chairman, vice chairman, secretary, and treasurer, and appoint an engineer. The secretary, treasurer, and engineer need not be members of the commission.
(e) To adopt suitable bylaws for the management of its affairs.

Article III

Acquisition of land.

If for any of its authorized purposes (including temporary purposes) the commission shall find it necessary or convenient to acquire for public use any real property in the Commonwealth of Pennsylvania or the State of New Jersey, whether for immediate or future use, the commission may, by resolution, determine to acquire such property by a fee simple absolute or a lesser interest, and the said determination shall not be affected by the fact that
such property has therefore been taken for or is then devoted to a
public use, but the public use in the hands or under the control of
the commission shall be deemed superior to the public use in the hands or under the control of any other person, association, or
corporation.

If the commission is unable to agree with the owner or owners
terms for the acquisition of any such real property
in the Commonwealth of Pennsylvania, for any reason whatsoever,
then the commission may acquire such real property by the exercise
of its eminent domain.

If the commission is unable to agree with the owner or owners
terms for the acquisition of any such real property, in
the State of New Jersey, for any reason whatsoever, then the com-
missons may acquire such property by the exercise of the right of
eminent domain.

The power of the commission to acquire real property by condem-
nation or the exercise of the power of eminent domain in the Com-
monwealth of Pennsylvania and the State of New Jersey shall be a
continuing power and no exercise thereof shall be deemed to
exhaust it.

The commission and its duly authorized agents and employees may
enter upon any land, in the Commonwealth or the State of New
Jersey, for the purpose of making such surveys, maps, or other exam-
inations thereof, as it may deem necessary or convenient for its
authorized purposes.

However, anything to the contrary contained in this compact not-
withstanding, no property, now or hereafter vested in or held by
any county, city, borough, village, township, or other municipality,
shall be taken by the commission without the consent of such muni-
cipality, unless expressly authorized so to do by the Commonwealth or
State in which such municipality is located. All counties, cities,
broughs, villages, townships and other municipalities, and all public
agencies and commissions of the Commonwealth of Pennsylvania
and the State of New Jersey, notwithstanding any contrary provi-
sion of law, are hereby authorized and empowered to grant and con-
vey to the commission upon its request, but not otherwise, upon rea-
sonable terms and conditions, any real property which may be neces-
sary or convenient to the effectuation of its authorized purposes,
including real property already devoted to public use.

The Commonwealth of Pennsylvania and the State of New Jersey
hereby consent to the use and occupation of the commission of any
real property of the said two States, or of either of them, which may
be or become necessary or convenient to the effectuation of the au-
thorized purposes of the commission, including lands lying under water
and lands already devoted to public use.
The term "real property", as used in this compact, includes lands, structures, franchises, and interests in land, including lands under water and riparian rights, and any and all things and rights usually included within the said term, and includes not only fees simple and absolute but also any and all lesser interests, such as easements, rights-of-way, uses, leases, licenses, and all other incorporeal hereditaments, and every estate, interest, or right, legal or equitable, including terms of years and liens thereon by way of judgments, mortgages, or otherwise, and also claims for damage to real estate.

ARTICLE IV

Notwithstanding any provision of this agreement, the commission shall have no power to pledge the credit of the Commonwealth of Pennsylvania, or of the State of New Jersey, or of any county, city, borough, village, township, and other municipality of said Commonwealth or State, or to create any debt against said Commonwealth or State or any such municipality.

ARTICLE V

The commission is hereby authorized to make and enforce such rules and regulations, and to establish, levy, and collect (or to authorize by contract, franchise, liens, or otherwise, the establishment, levying, and collection of) such tolls, rates, rents, and other charges, in connection with any such bridge across the Delaware River which it may hereafter construct and operate, as it may deem necessary, proper, desirable, and reasonable, which tolls, rates, rents, and other charges shall be at least sufficient to meet interest and sinking-fund charges on bonds and obligations issued by the commission, the maintenance of such bridge, and the administrative expenses of the commission properly chargeable to such bridge. The commission is hereby authorized and empowered to pledge such tolls, rates, rents, and other revenues, or any part thereof, as security for the repayment, with interest, of any moneys borrowed by it or advanced to it for any of its authorized purposes, and as security for the satisfaction of any other obligation assumed by it in connection with such loans or advances.

ARTICLE VI

The Commonwealth of Pennsylvania and the State of New Jersey hereby covenant and agree with each other and with the holders of any bonds or other obligations of the commission, for which tolls, rents, rates, or other revenues have been pledged, that, so long as any of said bonds or obligations remain outstanding and unpaid (unless adequate provision is otherwise made by law for the protection of those advancing moneys upon such bonds or obligations), the Commonwealth of Pennsylvania and the State of New Jersey will not diminish or impair the power of the commission to own, operate, and control said properties and facilities, or to establish, levy, and collect tolls, rents, rates, and other charges in connection with such properties and facilities.

The Commonwealth of Pennsylvania and the State of New Jersey hereby covenant and agree with each other and with the holders of any bonds or obligations of the commission, for which tolls, rents, rates, or other revenues shall have been pledged, that the said Commonwealth and State will not authorize or permit the construction, operation, and maintenance of any additional bridge or tunnel
for the transportation of passengers by vehicles over the Delaware River by any other person or body, than the commission, within a distance of ten miles in either direction from any such toll bridge, measured along the boundary line between the said Commonwealth and the said State.

**ARTICLE VII**

The bonds or obligations which may be issued by the commission for any of its authorized purposes, and as security for which tolls, rents, rates, and other revenues shall have been pledged, are hereby made securities in which all State and municipal officers and bodies of the Commonwealth of Pennsylvania and the State of New Jersey, and all banks, bankers, trust companies, savings banks, savings and loan associations, investment companies, and other persons carrying on a banking business, or insurance companies, insurance associations, and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees, and other fiduciaries, and all other persons whatsoever, who now or may hereafter be authorized to invest in bonds or other obligations of the Commonwealth of Pennsylvania or of the State of New Jersey, may properly and legally invest funds, including capital belonging to them or within their control; and said bonds or other obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer, or agency of the Commonwealth of Pennsylvania and the State of New Jersey, for any purpose for which the deposit of bonds or other obligations, either of the Commonwealth or of the State, is now or may hereafter be authorized.

**ARTICLE VIII**

The effectuation of its authorized purposes by the commission is and will be in all respects for the benefit of the people of the Commonwealth of Pennsylvania and the State of New Jersey, and for the increase of their commerce and prosperity, and since the commission will be performing essential governmental functions in effectuating said purposes, the commission shall not be required to pay any taxes or assessments upon any property acquired or used by it for purposes authorized by this agreement; and the bonds or obligations issued by the commission, their transfer, and the income therefrom, including any profits made on the sale thereof, shall, at all times, be free from taxation within the Commonwealth of Pennsylvania and the State of New Jersey.

**ARTICLE IX**

The commission shall make annual reports to the Governors and Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey, setting forth in detail its operations and transactions, and may make such additional reports, from time to time, to the Governors and legislatures as it may deem advisable.

Whenever the commission, after investigation and study, shall have concluded plans, with estimates of cost, and means of financing any new toll bridge across the Delaware River, as hereinbefore provided, it shall make to the legislatures of each State, at the next sessions thereof, a detailed report, dealing with the contemplated project; but such project may, nevertheless, be proceeded with if the legislatures of said States, or either of them, are not in session.
Whenever particular bonds issued for any bridge or bridges, and the interest thereon, shall have been paid, or a sufficient amount shall have been provided for their payment and shall continue to be held for that purpose, the commission shall cease to charge tolls for the use of such bridge and thereafter such bridge shall be a free bridge, and shall thereafter be maintained equally at the cost of the Commonwealth of Pennsylvania and the State of New Jersey by appropriations made for such purposes, as now provided by law for the maintenance of bridges over the Delaware River acquired by the Commonwealth of Pennsylvania and the State of New Jersey.
