- (m) To exercise the power of eminent domain.
- (n) To determine the exact location, system, and character of, and all other matters in connection with, any and all improvements or facilities which it may be authorized to own, construct, establish, effectuate, maintain, operate, or control.
- (o) In addition to the foregoing powers, to exercise the powers, duties, authority, and jurisdiction heretofore conferred and imposed upon the aforesaid commissions, hereby constituted a joint commission by reciprocal legislation of the Commonwealth of Pennsylvania and the State of New Jersey, with respect to the acquisition of toll bridges over the Delaware River, the management, operation, and maintenance of such bridges, and the location, construction, operation, and maintenance of additional bridge communications over the Delaware River north of the aforesaid railroad bridge of the Pennsylvania Railroad.
- (p) To exercise all other powers, not inconsistent with the Constitutions of the States of Pennsylvania and New Jersey or of the United States, which may be reasonably necessary or incidental to the effectuation of its authorized purposes or to the exercise of any of the foregoing powers, except the power to levy taxes or assessments for benefits; and generally to exercise, in connection with its property and affairs and in connection with property under its control, any and all powers which might be exercised by a natural person or a private corporation in connection with similar property and affairs.

## ARTICLE III

## Acquisition of land.

If for any of its authorized purposes (including temporary purposes) the commission shall find it necessary or convenient to acquire for public use any real property in the Commonwealth of Pennsylvania or the State of New Jersey, whether for immediate or future use, the commission may, by resolution, determine to acquire such property by a fee simple absolute or a lesser interest, and the said determination shall not be affected by the fact that

such property has therefore been taken for or is then devoted to a public use, but the public use in the hands or under the control of the commission shall be deemed superior to the public use in the hands or under the control of any other person, association, or corporation.

If the commission is unable to agree with the owner or owners thereof upon terms for the acquisition of any such real property in the Commonwealth of Pennsylvania, for any reason whatsoever, then the commission may acquire such real property by the exercise of the right of eminent domain, in the manner provided by the Act, approved the 8th day of May 1919 (Pamphlet Laws, 148), entitled "An Act providing for the joint acquisition and maintenance by the Commonwealth of Pennsylvania and the State of New Jersey of certain toll bridges over the Delaware River", and the Acts amendatory thereof and supplementary thereto, relating to the acquisition of interstate toll bridges over the Delaware River.

If the Commission is unable to agree with the owner or owners thereof upon terms for the acquisition of any such real property, in the State of New Jersey, for any reason whatsoever, then the commission may acquire such property by the exercise of the right of eminent domain, in the manner provided by the act of the State of New Jersey, entitled "An Act authorizing the acquisition and maintaining by the State of New Jersey, in conjunction with the State of Pennsylvania, of toll bridges across the Delaware River; and providing for free travel across the same", approved the 1st day of April 1912 (ch. 297), and the various acts amendatory thereof and supplementary thereto, relating to the acquisition of interstate toll bridges over the Delaware River.

The power of the commission to acquire real property by condemnation or the exercise of the power of eminent domain in the Commonwealth of Pennsylvania and the State of New Jersey shall be a continuing power and no exercise thereof shall be deemed to exhaust it.

The commission and its duly authorized agents and employees may enter upon any land, in the Commonwealth or the State of New Jersey, for the purpose of making such surveys, maps, or other examinations thereof, as it may deem necessary or convenient for its authorized purposes.

However, anything to the contrary contained in this compact notwithstanding, no property, now or hereafter vested in or held by any county, city, borough, village, township, or other municipality, shall be taken by the commission without the consent of such municipality, unless expressly authorized so to do by the Commonwealth or State in which such municipality is located. All counties, cities, boroughs, villages, townships and other municipalities, and all public agencies and commissions of the Commonwealth of Pennsylvania and the State of New Jersey, notwithstanding any contrary provision of law, are hereby authorized and empowered to grant and convey to the commission upon its request, but not otherwise, upon reasonable terms and conditions, any real property which may be necessary or convenient to the effectuation of its authorized purposes, including real property already devoted to public use.

The Commonwealth of Pennsylvania and the State of New Jersey hereby consent to the use and occupation by the commission of any real property of the said two States, or of either of them, which may be or become necessary or convenient to the effectuation of the authorized purposes of the commission, including lands lying under water and lands already devoted to public use.

Consent of participating States.

"Real property" defined.

The term "real property", as used in this compact, includes lands, structures, franchises, and interests in land, including lands under water and riparian rights, and any and all things and rights usually included within the said term, and includes not only fees simple and absolute but also any and all lesser interests, such as easements, rights-of-way, uses, leases, licenses, and all other incorporeal hereditaments, and every estate, interest, or right, legal or equitable, including terms of years and liens thereon by way of judgments, mortgages, or otherwise, and also claims for damage to real estate.

#### ARTICLE IV

Pledging credit or creating debt.

Notwithstanding any provision of this agreement, the commission shall have no power to pledge the credit of the Commonwealth of Pennsylvania, or of the State of New Jersey, or of any county, city, borough, village, township, and other municipality of said Commonwealth or State, or to create any debt against said Commonwealth or State or any such municipality.

#### ARTICLE V

Rules and regulations.

The commission is hereby authorized to make and enforce such rules and regulations, and to establish, levy, and collect (or to authorize by contract, franchise, liens, or otherwise, the establishment, levying, and collection of) such tolls, rates, rents, and other charges, in connection with any such bridge across the Delaware River which it may hereafter construct and operate, as it may deem necessary, proper, desirable, and reasonable, which tolls, rates, rents, and other charges shall be at least sufficient to meet interest and sinking-fund charges on bonds and obligations issued by the commission, the maintenance of such bridge, and the administrative expenses of the commission properly chargeable to such bridge. The commission is hereby authorized and empowered to pledge such tolls, rates, rents, and other revenues, or any part thereof, as security for the repayment, with interest, of any moneys borrowed by it or advanced to it for any of its authorized purposes, and as security for the satisfaction of any other obligation assumed by it in connection with such loans or advances.

#### ARTICLE VI

Commission's obligations not impaired.

The Commonwealth of Pennsylvania and the State of New Jersey hereby covenant and agree with each other and with the holders of any bonds or other obligations of the commission, for which tolls, rents, rates, or other revenues have been pledged, that, so long as any of said bonds or obligations remain outstanding and unpaid (unless adequate provision is otherwise made by law for the protection of those advancing moneys upon such bonds or obligations), the Commonwealth of Pennsylvania and the State of New Jersey will not diminish or impair the power of the commission to own, operate, and control said properties and facilities, or to establish, levy, and collect tolls, rents, rates, and other charges in connection with such properties and facilities.

The Commonwealth of Pennsylvania and the State of New Jersey hereby covenant and agree with each other and with the holders of any bonds or obligations of the commission, for which tolls, rents, rates, or other revenues shall have been pledged, that the said Commonwealth and State will not authorize or permit the construction, operation, and maintenance of any additional bridge or tunnel

for the transportation of passengers by vehicles over the Delaware River by any other person or body, than the commission, within a distance of ten miles in either direction from any such toll bridge, measured along the boundary line between the said Commonwealth and the said State.

#### ARTICLE VII

The bonds or obligations which may be issued by the commission for any of its authorized purposes, and as security for which tolls, rents, rates, and other revenues shall have been pledged, are hereby made securities in which all State and municipal officers and bodies of the Commonwealth of Pennsylvania and the State of New Jersey, and all banks, bankers, trust companies, savings banks, savings and loan associations, investment companies, and other persons carrying on a banking business, or insurance companies, insurance associations, and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees, and other fiduciaries, and all other persons whatsoever, who now or may hereafter be authorized to invest in bonds or other obligations of the Commonwealth of Pennsylvania or of the State of New Jersey, may properly and legally invest funds, including capital belonging to them or within their control; and said bonds or other obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer, or agency of the Commonwealth of Pennsylvania and the State of New Jersey, for any purpose for which the deposit of bonds or other obligations, either of the Commonwealth or of the State, is now or may hereafter be authorized.

Commission's bonds  
made State securities.

#### ARTICLE VIII

The effectuation of its authorized purposes by the commission is and will be in all respects for the benefit of the people of the Commonwealth of Pennsylvania and the State of New Jersey, and for the increase of their commerce and prosperity, and since the commission will be performing essential governmental functions in effectuating said purposes, the commission shall not be required to pay any taxes or assessments upon any property acquired or used by it for purposes authorized by this agreement; and the bonds or obligations issued by the commission, their transfer, and the income therefrom, including any profits made on the sale thereof, shall, at all times, be free from taxation within the Commonwealth of Pennsylvania and the State of New Jersey.

Effectuation of pur-  
poses.

#### ARTICLE IX

The commission shall make annual reports to the Governors and Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey, setting forth in detail its operations and transactions, and may make such additional reports, from time to time, to the Governors and legislatures as it may deem advisable.

Annual reports to be  
made.

Whenever the commission, after investigation and study, shall have concluded plans, with estimates of cost, and means of financing any new toll bridge across the Delaware River, as hereinbefore provided, it shall make to the legislatures of each State, at the next sessions thereof, a detailed report, dealing with the contemplated project; but such project may, nevertheless, be proceeded with if the legislatures of said States, or either of them, are not in session.

ARTICLE X

Free bridge after payment of cost.

Whenever particular bonds issued for any bridge or bridges, and the interest thereon, shall have been paid, or a sufficient amount shall have been provided for their payment and shall continue to be held for that purpose, the commission shall cease to charge tolls for the use of such bridge and thereafter such bridge shall be a free bridge, and shall thereafter be maintained equally at the cost of the Commonwealth of Pennsylvania and the State of New Jersey by appropriations made for such purposes, as now provided by law for the maintenance of bridges over the Delaware River acquired by the Commonwealth of Pennsylvania and the State of New Jersey.

In witness whereof, this 18th day of December 1934, A. Harry Moore has affixed his signature hereto as Governor of the State of New Jersey and caused the great seal of the State to be attached thereto.
