Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Judicial Code (Act of March 3, 1911, 36 Stat. 1088, as amended) is hereby amended by inserting after section 5 thereof a new section 5a, entitled "Court Reporters", as follows:

Judicial Code,
amendment.

28 U. S. C. § 9.

"SEC. 5a. COURT REPORTERS.—

"(a) APPOINTMENT.—Each district court of the United States, including the District Court of the United States for the District of Columbia and the district courts in the Territories and insular possessions, shall appoint one or more court reporters for the district court in the manner provided for the appointment of the clerks of said courts. The number of reporters to be so appointed shall be determined by the Judicial Conference of Senior Circuit Judges (hereinafter referred to as the Judicial Conference). The persons to be so appointed shall possess the qualifications necessary for the satisfactory performance of the duties specified in subdivision (b) of this section, to be determined by standards which shall be formulated from time to time by the Judicial Conference, and shall take an oath to perform faithfully such duties. The court, with the approval of the Director of the Administrative Office of the United States Courts (hereinafter referred to as the Director) may appoint additional reporters for temporary service not exceeding three months, when there is more reporting work in the district than can be promptly performed by the authorized number of reporters and the urgency is so great as to render it impracticable to obtain the approval of the Judicial Conference. If the court and the Judicial Conference are of the opinion that in any district it is in the public interest that the duties of reporter should be combined with those of any other employee of the court, the Judicial Conference may authorize such a combination of positions and fix the salary therefor, as provided by subsection (c) hereof, any provision of law to the contrary notwithstanding.

sentence; (2) all proceedings in all other cases had in open court unless the parties with the approval of the sitting judge shall specifically agree to the contrary; and (3) such other proceedings as a judge of the court may direct or as may be required by rule of procedure or order of the court or as may be requested by any party to the proceeding. The reporter shall attach his official certificate to the original shorthand notes or other original records so taken and promptly file them with the clerk of the court, who shall preserve them in the public records of the court for not less than ten years. Upon the request of any party to any proceeding which has been so recorded and who has agreed to pay the fee therefor or of a judge of the court, the reporter shall promptly transcribe the original records of the requested parts of the proceedings and attach thereto his official certificate, and shall then deliver the transcript to the party or judge making the request. He shall also transcribe and certify all pleas and proceedings in connection with the imposition of sentence in criminal cases and such other parts of the record of proceedings as may be required by rule of procedure or order of court. The reporter shall promptly deliver to the clerk for the records of the court a certified copy of any transcript that he may make of any part of the record of any proceeding. The transcript of the testimony and proceedings in any case when duly certified by such reporter shall be deemed prima facie a correct statement of such testimony and proceedings. No transcripts of the proceedings of the court shall be considered as official except those made from the records taken by the reporter so appointed. The said original notes or other original records and the said copy of transcript shall be open to inspection in the office of the clerk as provided by law with respect to books containing the docket or minute of judgments, or decrees thereof.

“(c) COMPENSATION.—Each reporter so appointed shall receive an annual salary, to be fixed from time to time by the Judicial Conference and to be paid in the same manner and at the same time that the salary of the clerk of the court is paid. In fixing such salary the Judicial Conference shall take into account in each instance the amount of time the reporter is required to be in attendance upon the court engaged in the performance of his duties. Such salary shall be not less than \$3,000 nor more than \$6,000 per annum. The reporter shall also receive his traveling expenses and expenses incurred for subsistence within the limitations prescribed by law for clerks of district courts while necessarily absent on official business from the place of his regular employment. All supplies shall be furnished by the reporter at his own expense. The reporter may charge and collect from parties, including the United States, who request transcripts, such fees therefor and no other, as may be prescribed from time to time by the court subject to the approval of the Judicial Conference. No fee shall be charged or taxed for any copy of a transcript delivered to the clerk for the records of court as required by subdivision (b) of this section. Fees for transcripts furnished in criminal or habeas corpus proceedings to persons allowed to sue, defend, or appeal in forma pauperis shall be paid by the United States out of money appropriated for that purpose; and the fees for transcripts furnished in other than criminal or habeas corpus proceedings to persons permitted to appeal in forma pauperis shall also be paid by the United States if the trial judge or a circuit judge shall certify that the appeal is not frivolous but presents a substantial question. Except as to transcripts that are to be paid for by the United States, the reporter may require any party requesting a transcript to prepay the estimated fee therefor in advance of delivery of the transcript.

“(d) **ADMINISTRATION.**—The Judicial Conference shall supervise and direct the administration of this section. Subject to this section and pertinent laws, it shall be the duty of the court to supervise and direct the reporter in the performance of his duties, including dealings with parties requesting transcripts. The Judicial Conference shall prescribe records which shall be maintained and reports which shall be filed by the reporter. Such records shall be inspected and audited in the same manner as the records and accounts of the clerk and may include records showing (1) the quantity of transcripts prepared, (2) the fees charged and the fees collected for transcripts, (3) any expenses incurred by the reporter in connection with transcripts, (4) the amount of time the reporter is in attendance upon the court for the purpose of recording proceedings, and (5) such other information as the Judicial Conference may determine.

“(e) **TAXATION OF FEES AS COSTS.**—In the discretion of the court any part or all of the fees for transcripts may be taxed as costs in the case. Fees paid by the United States for transcripts furnished to persons allowed to appeal in civil cases in forma pauperis shall be taxed in favor of the United States as costs in the case.”

“(B) **Excluded Corporation.**—The term ‘excluded corporation’ means a corporation which at any time between December 10, 1943, and the date of the adoption of the plan of liquidation, both dates inclusive, was the owner of stock possessing 50 per centum or more of the total combined voting power of all classes of stock entitled to vote on the adoption of such plan.

“(C) **Qualified Electing Shareholders.**—The term ‘qualified electing shareholder’ means a shareholder (other than an excluded corporation) of any class of stock (whether or not entitled to vote on the adoption of the plan of liquidation) who is a shareholder at the time of the adoption of such plan, and whose written election to have the benefits of subparagraph (A) has been made and filed in accordance with subparagraph (D), but—

“(i) in the case of a shareholder other than a corporation, only if written elections have been so filed by shareholders (other than corporations) who at the time of the adoption of the plan of liquidation are owners of stock possessing at least 80 per centum of the total combined voting power (exclusive of voting power possessed by stock owned by corporations) of all classes of stock entitled to vote on the adoption of such plan of liquidation; or

“(ii) There shall be recognized, and taxed as short-term or long-term capital gain, as the case may be, so much of the remainder of the gain as is not in excess of the amount by which the value of that portion of the assets received by him which consists of money, or of stock or securities acquired by the corporation after December 10, 1943, exceeds his ratable share of such earnings and profits.

“(F) Corporate Shareholders.—In the case of a qualified electing shareholder which is a corporation the gain shall be recognized only to the extent of the greater of the two following—

“(i) The portion of the assets received by it which consists of money, or of stock or securities acquired by the liquidating corporation after December 10, 1943; or

If a taxpayer makes an election under this paragraph such election shall apply with respect to all timber which is owned by the taxpayer or which the taxpayer has a contract right to cut and shall be binding upon the taxpayer for the taxable year for which the election is made and for all subsequent years, unless the Commissioner, on showing of undue hardship, permits the taxpayer to revoke his election; such revocation, however, shall preclude any further elections under this paragraph except with the consent of the Commissioner.

“(2) In the case of the disposal of timber (held for more than six months prior to such disposal) by the owner thereof under any form or type of contract by virtue of which the owner retains an economic interest in such timber, the difference between the amount received for such timber and the adjusted depletion basis thereof shall be considered as though it were a gain or loss, as the case may be, upon the sale of such timber.”

56 Stat. 905.
26 U. S. C., Supp. III, § 735.

"SEC. 735. NONTAXABLE INCOME FROM CERTAIN MINING AND TIMBER OPERATIONS, AND FROM NATURAL GAS PROPERTIES."

(b) DEFINITIONS.—

(1) "LESSOR", "NATURAL GAS COMPANY", ETC.—Section 735 (a) (1), (2), (3), (4), and (5) (defining terms used) are respectively amended to read as follows:

"(1) **PRODUCER; LESSOR; NATURAL GAS COMPANY.**—The term 'producer' means a corporation which extracts minerals from a mineral property, or which cuts logs from a timber block, in which an economic interest is owned by such corporation. The term 'lessor' means a corporation which owns an economic interest in a mineral property or a timber block, and is paid in accordance with the number of mineral units or timber units recovered therefrom by the person to which such property or block is leased. The term 'natural gas company' means a corporation engaged in the withdrawal, or transportation by pipe line, of natural gas.

"(2) **MINERAL UNIT, NATURAL GAS UNIT, AND TIMBER UNIT.**—The term 'mineral unit' means a unit of metal, coal, or nonmetallic substance in the minerals recovered from the operation of a mineral property. The term 'natural gas unit' means a unit of natural gas sold by a natural gas company. The term 'timber unit' means a unit of timber recovered from the operation of a timber block.

"(3) **EXCESS OUTPUT.**—The term 'excess output' means the excess of the mineral units, natural gas units, or timber units for the taxable year over the normal output.

"(4) **NORMAL OUTPUT.**—The term 'normal output' means the average annual mineral units, or the average annual timber units, as the case may be, recovered in the taxable years beginning after December 31, 1935, and not beginning after December 31, 1939 (hereinafter called 'base period'), of the person owning the mineral property or the timber block (whether or not the taxpayer). The term 'normal output', in the case of a natural gas company, means the average annual natural gas units sold in the taxable years beginning after December 31, 1935, and not beginning after December 31, 1939 (hereinafter called 'base period'), of the person owning the natural gas property (whether or not the taxpayer). The average annual mineral units, natural gas units, or timber units shall be computed by dividing the aggregate of such mineral units, natural gas units, or timber units for the base period by the number of months for which the mineral property, natural gas property, or timber block was in operation during the base period and by multiplying the amount so ascertained by twelve. In any case in which the taxpayer establishes, under regulations prescribed by the Commissioner with the approval of the Secretary, that the operation of any mineral property, natural gas property, or timber block is normally prevented for a specified period each year by physical events outside the control of the taxpayer, the number of months during which such mineral property, natural gas property, or timber block is regularly in operation during a taxable year shall be used in computing the average annual mineral units, natural gas units, or timber units, instead of twelve. Any mineral property, natural gas property, or timber block, which was in operation for less than six months during the base period, shall, for the purposes of this section, be deemed not to have been in operation during the base period.

“(5) **NATURAL GAS PROPERTY.**—The term ‘natural gas property’ means the property of a natural gas company used for the withdrawal, storage, and transportation by pipe line, of natural gas, excluding any part of such property which is an emergency facility under section 124.”

(2) **TIMBER BLOCK.**—Section 735 (a) (8) (defining “timber block”) is amended to read as follows:

“(8) **TIMBER BLOCK.**—The term ‘timber block’ means an operation unit which includes all the taxpayer’s timber which would logically go to a single given point of manufacture.”

(3) **UNIT NET INCOME.**—Section 735 (a) (12) (defining “unit net income”) is amended by inserting after the period at the end thereof the following: “In respect of a natural gas property, the term ‘unit net income’ means the amount ascertained by dividing the net income, computed in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, from such property during the taxable year by the number of natural gas units sold in such year.”

(c) **NONTAXABLE INCOME.**—Section 735 (b) (relating to nontaxable income from exempt excess output) is amended by inserting at the end thereof the following:

“(4) **COAL AND IRON MINES AND TIMBER PROPERTIES NOT IN OPERATION DURING BASE PERIOD.**—For any taxable year, the nontaxable income from exempt excess output of a coal mining or iron mining property or a timber block, which was not in operation during the base period, shall be an amount equal to one-sixth of the net income for such taxable year (computed with the allowance for depletion) from the coal mining or iron mining property or from the timber block, as the case may be.

“(5) **NATURAL GAS COMPANIES.**—In the case of a natural gas company any of the natural gas property of which was in operation during the base period, the nontaxable income from exempt excess output for any taxable year shall be an amount equal to the excess output for such year multiplied by one-half of the unit net income for such year.”

(d) **EXCESS PROFITS CREDIT COMPUTED UNDER INCOME CREDIT.**—Section 711 (a) (1) (I) (relating to nontaxable income of certain industries with depletable resources) is amended to read as follows:

“(I) **Nontaxable Income of Certain Industries With Depletable Resources.**—In the case of a producer of minerals, or a producer of logs or lumber from a timber block, or a lessor of mineral property, or a timber block, as defined in section 735, there shall be excluded nontaxable income from exempt excess output of mines and timber blocks provided in section 735; in the case of a natural gas company, as defined in section 735, there shall be excluded nontaxable income from exempt excess output provided in section 735; and in the case of a producer of minerals, or a producer of logs or lumber from a timber block, there shall be excluded nontaxable bonus income provided in section 735 (c), a corporation described in section 735 (c) (2) shall be deemed a producer of minerals for the purposes of this subparagraph.”

(e) **EXCESS PROFITS CREDIT COMPUTED UNDER INVESTED CAPITAL CREDIT.**—Section 711 (a) (2) (K) (relating to excess profits credit computed under invested capital credit) is amended to read as follows:

If the bonds issued with respect to such taxable year are not made available for the purpose of such reduction or the amount of such bonds so made available is less than the amount of such charge, such charge or the excess of such charge over the amount of such bonds so made available, as the case may be, shall be applied at the time of the credit or refund (or as of the time of the maturity of bonds issued with respect to such taxable year, if that time is earlier) in reduction of the amount of the credit or refund of the overpayment of the tax.”

(1) Refund or credit of the tax (including penalty and interest collected with respect thereto, if any), based on any credit allowable under this section, may be made in accordance with the provisions of law applicable in the case of erroneous or illegal collection of the tax (including statutes of limitations). No interest shall be allowed or paid on the amount of any such credit or refund.

(2) Any claim for refund or credit, with respect to the tax (including penalty and interest collected with respect thereto, if any) imposed by section 901 of the Social Security Act or section 1600 of the Federal Unemployment Tax Act, based on credit for contributions, which has been disallowed prior to the date of enactment of this Act, the allowance of which would be considered erroneous under section 3774 (b) or section 3775 (b) of the Internal Revenue Code, shall nevertheless be allowable if otherwise allowable under this section or section 1601 of the Federal Unemployment Tax Act.

(3) Notwithstanding the acceptance of an offer in compromise prior to the date of enactment of this Act with respect to any tax (or penalty or interest in connection therewith) imposed by section 901 of the Social Security Act or section 1600 of the Federal Unemployment Tax Act, any claim for refund, credit, or abatement with respect to the tax (including penalty and interest collected with respect thereto, if any) imposed by either of such Acts, based on credit for contributions, shall be allowable if otherwise allowable under this section or section 1601 of the Federal Unemployment Tax Act.

(4) On and after the date of the enactment of this Act no refund, credit, or abatement shall be allowed based on any credit allowable under section 701 of the Revenue Act of 1941.

“(3) The terms ‘renegotiate’ and ‘renegotiation’ include a determination by agreement or order under this section of the amount of any excessive profits.

“Renegotiate,” “renegotiation.”

“(4) (A) The term ‘excessive profits’ means the portion of the profits derived from contracts with the Departments and subcontracts which is determined in accordance with this section to be excessive. In determining excessive profits there shall be taken into consideration the following factors:

“Excessive profits.”

“(i) efficiency of contractor, with particular regard to attainment of quantity and quality production, reduction of costs and economy in the use of materials, facilities, and manpower;

“(ii) reasonableness of costs and profits, with particular regard to volume of production, normal pre-war earnings, and comparison of war and peacetime products;

“(iii) amount and source of public and private capital employed and net worth;

“(iv) extent of risk assumed, including the risk incident to reasonable pricing policies;

“(v) nature and extent of contribution to the war effort, including inventive and developmental contribution and cooperation with the Government and other contractors in supplying technical assistance;

“(vi) character of business, including complexity of manufacturing technique, character and extent of subcontracting, and rate of turn-over;

“(vii) such other factors the consideration of which the public interest and fair and equitable dealing may require, which factors shall be published in the regulations of the Board from time to time as adopted.

“(B) The term ‘profits derived from contracts with the Departments and subcontracts’ means the excess of the amount received or accrued under such contracts and subcontracts over the costs paid or incurred with respect thereto. Such costs shall be determined in accordance with the method of cost accounting regularly employed by the contractor in keeping his books, but if no such method of cost accounting has been employed, or if the method so employed does not, in the opinion of the Board or, upon redetermination, in the opinion of The Tax Court of the United States properly reflect such costs, such costs shall be determined in accordance with such method as in the opinion of the Board or, upon redetermination, in the opinion of The Tax Court of the United States does properly reflect such costs. Irrespective of the method employed or prescribed for determining such costs, no item of cost shall be charged to any contract with a Department or subcontract or used in any manner for the purpose of determining such cost, to the extent that in the opinion of the Board or, upon redetermination, in the opinion of The Tax Court of the United States, such item is unreasonable or not properly chargeable to such contract or subcontract. Notwithstanding any other provisions of this section, all items estimated to be allowable as deductions and exclusions under Chapters 1 and 2 E of the Internal Revenue Code (excluding taxes measured by income) shall, to the extent allocable to such contracts and subcontracts (or, in the case of the recomputation of the amortization deduction, allocable to contracts with the Departments and subcontracts), be allowed as items of cost, but in determining the amount of excessive profits to be eliminated proper adjustment shall be made on account of the taxes so excluded, other than Federal taxes, which are attributable to the portion of the profits which are not excessive.

“Profits derived from contracts with the Departments and subcontracts.”

of a recomputation of the amortization deduction pursuant to section 124 (d) of the Internal Revenue Code until after such recomputation has been made in connection with a determination of the taxes imposed by Chapters 1, 2A, 2B, 2D, and 2E of the Internal Revenue Code for the fiscal year to which the excessive profits determined by the renegotiation are attributable or (ii) by reason of the application of a carry-over or carry-back under any circumstances. The absence of such a recomputation of the amortization deductions referred to in clause (i) above shall not constitute a cause for postponing the making of an agreement, or the entry of an order, determining the amount of excessive profits, or for staying the elimination thereof.

"(D) Notwithstanding any of the provisions of subsection (c) (4) of this section to the contrary, in the case of a renegotiation which is made prior to such recomputation, there shall be repaid by the United States (without interest) to the contractor or subcontractor after such recomputation the amount of a net renegotiation rebate computed in the following described manner. There shall first be ascertained the portion of the excessive profits determined by the renegotiation which is attributable to the fiscal year with respect to which a net renegotiation rebate is claimed by the contractor or subcontractor (hereinafter referred to as 'renegotiated year'). There shall then be ascertained the amount of the gross renegotiation rebate for the renegotiated year, which amount shall be an allocable part of the additional amortization deduction which is allowed for the renegotiated year upon the recomputation made pursuant to section 124 (d) of the Internal Revenue Code in connection with the determination of the taxes for such year and which is attributable to contracts with the Departments and subcontracts, except that the amount of the gross renegotiation rebate shall not exceed the amount of excessive profits eliminated for the renegotiated year pursuant to the renegotiation. The allocation of the additional amortization deduction attributable to contracts with the Departments and subcontracts, and the allocation of the additional amortization deduction to the renegotiated year shall be determined in accordance with regulations prescribed by the Board. There shall then be ascertained the amount of the contractor's or subcontractor's Federal tax benefit from the renegotiation for the renegotiated year. Such Federal tax benefit shall be the amount by which the taxes for the renegotiated year under Chapters 1, 2A, 2B, 2D, and 2E of the Internal Revenue Code were decreased by reason of omitting from gross income (or by reason of the application of the provisions of section 3806 (a) of the Internal Revenue Code with respect to) that portion of the excessive profits for the renegotiated year which is equal to the amount of the gross renegotiation rebate. The amount by which the gross renegotiation rebate for the renegotiated year exceeds the amount of the contractor's or subcontractor's Federal tax benefit from the renegotiation for such year shall be the amount of the net renegotiation rebate for such year.

"(5) The term 'subcontract' means—

"(A) Any purchase order or agreement to perform all or any part of the work, or to make or furnish any article, required for the performance of any other contract or subcontract, but such term does not include any purchase order or agreement to furnish office supplies; or

"(B) Any contract or arrangement other than a contract or arrangement between two contracting parties, one of which parties is found by the Board to be a bona fide executive officer,

partner, or full-time employee of the other contracting party, (i) any amount payable under which is contingent upon the procurement of a contract or contracts with a Department or of a subcontract or subcontracts, or determined with reference to the amount of such a contract or subcontract or such contracts or subcontracts, or (ii) under which any part of the services performed or to be performed consists of the soliciting, attempting to procure, or procuring a contract or contracts with a Department or a subcontract or subcontracts: *Provided*, That nothing in this sentence shall be construed (1) to affect in any way the validity or construction of provisions in any contract with a Department or any subcontract, heretofore at any time or hereafter made, prohibiting the payment of contingent fees or commissions; or (2) to restrict in any way the authority of the Secretary or the Board to determine the nature or amount of selling expenses under subcontracts as defined in this subparagraph, as a proper element of the contract price or as a reimbursable item of cost, under a contract with a Department or a subcontract.

"(6) The term 'article' includes any material, part, assembly, machinery, equipment, or other personal property.

"(7) The term 'standard commercial article' means an article—

"(A) which is identical in every material respect with an article which was manufactured and sold, and in general civilian, industrial, or commercial use prior to January 1, 1940,

"(B) which is identical in every material respect with an article which is manufactured and sold, as a competitive product, by more than one manufacturer, or which is an article of the same kind and having the same use or uses as an article manufactured and sold, as a competitive product, by more than one manufacturer, and

"(C) for which a maximum price has been established and is in effect under the Emergency Price Control Act of 1942, as amended, or under the Act of October 2, 1942, entitled 'An Act to amend the Emergency Price Control Act of 1942, to aid in preventing inflation, and for other purposes', or which is sold at a price not in excess of the January 1, 1941, selling price.

An article made in whole or in part of substitute materials but otherwise identical in every material respect with the article with which it is compared under subparagraphs (A) and (B) shall be considered as identical in every material respect with such article with which it is so compared.

"(8) The term 'fiscal year' means the taxable year of the contractor or subcontractor under Chapter 1 of the Internal Revenue Code.

"(9) The terms 'received or accrued' and 'paid or incurred' shall be construed according to the method of accounting employed by the contractor or subcontractor in keeping his books.

"(b) Subject to subsection (i), the Secretary of each Department is authorized and directed to insert in each contract made by such Department thirty days or more after the date of the enactment of the Revenue Act of 1943 and involving an estimated amount of more than \$100,000, a provision under which the contractor agrees—

"(1) to the elimination of excessive profits through renegotiation;

"(2) that there may be retained by the United States from amounts otherwise due the contractor, or that he will repay to the United States, if paid to him, any excessive profits;

“(A) to the elimination of excessive profits through renegotiation;

“(B) that there may be retained by the contractor for the United States from amounts otherwise due the subcontractor, or that the subcontractor will repay to the United States, if paid to him, any excessive profits;

“(C) that the contractor shall be relieved of all liability to the subcontractor on account of any amount so retained, or so repaid by the subcontractor to the United States;

“(4) that there may be retained by the United States from amounts otherwise due the contractor, or that he will repay to the United States, as the Secretary may direct, any amounts which under paragraph (3) (B) the contractor is directed to withhold from a subcontractor and which are actually unpaid at the time the contractor receives such direction.

Binding character
of obligations, condi-
tion.

The obligations assumed by the contractor or subcontractor under paragraph (1) or (3) (A), as the case may be, agreeing to the elimination of excessive profits through renegotiation shall be binding on him only if the contract or subcontract, as the case may be, is subject to subsection (c). A provision inserted in a contract or subcontract, which recites in substance that the contract or subcontract shall be deemed to contain all the provisions required by this subsection shall be sufficient compliance with this subsection. Whether or not there is inserted in a contract with a Department or subcontract, to which subsection (c) is applicable, the provisions specified in this subsection, such contract or subcontract, as the case may be, shall be considered as having been made subject to such subsection in the same manner and to the same extent as if such provisions had been inserted.

Conferences respect-
ing excessive profits.
Notice to contractor
or subcontractor.

“(c) (1) Whenever, in the opinion of the Board, the amounts received or accrued under contracts with the Departments and subcontracts may reflect excessive profits, the Board shall give to the contractor or subcontractor, as the case may be, reasonable notice of the time and place of a conference to be held with respect thereto. The mailing of such notice by registered mail to the contractor or subcontractor shall constitute the commencement of the renegotiation proceeding. At the conference, which may be adjourned from time to time, the Board shall endeavor to make a final or other agreement with the contractor or subcontractor with respect to the elimination of excessive profits received or accrued, and with respect to such other matters relating thereto as the Board deems advisable. Any such agreement, if made, may, with the consent of the contractor or subcontractor, also include provisions with respect to the elimination of excessive profits likely to be received or accrued. If the Board does not make an agreement with respect to the elimination of excessive profits received or accrued, it shall issue and enter an order determining the amount, if any, of such excessive profits, and forthwith give

notice thereof by registered mail to the contractor or subcontractor. In the absence of the filing of a petition with The Tax Court of the United States under the provisions of and within the time limit prescribed in subsection (e) (1), such order shall be final and conclusive and shall not be subject to review or redetermination by any court or other agency. The Board shall exercise its powers with respect to the aggregate of the amounts received or accrued during the fiscal year (or such other period as may be fixed by mutual agreement) by a contractor or subcontractor under contracts with the Departments and subcontracts, and not separately with respect to amounts received or accrued under separate contracts with the Departments or subcontracts, except that the Board may exercise such powers separately with respect to amounts received or accrued by the contractor or subcontractor under any one or more separate contracts with the Departments or subcontracts at the request of the contractor or subcontractor. Whenever the Board makes a determination with respect to the amount of excessive profits, whether such determination is made by order or is embodied in an agreement with the contractor or subcontractor, it shall, at the request of the contractor or subcontractor, as the case may be, prepare and furnish such contractor or subcontractor with a statement of such determination, of the facts used as a basis therefor, and of its reasons for such determination. Such statement shall not be used in The Tax Court of the United States as proof of the facts or conclusions stated therein.

“(2) Upon the making of an agreement, or the entry of an order, under paragraph (1) by the Board, or the entry of an order under subsection (e) by The Tax Court of the United States, determining excessive profits, the Board shall forthwith authorize and direct the Secretaries or any of them to eliminate such excessive profits (A) by reductions in the amounts otherwise payable to the contractor under contracts with the Departments, or by other revision of their terms; or (B) by withholding from amounts otherwise due to the contractor any amount of such excessive profits; or (C) by directing a contractor to withhold for the account of the United States, from amounts otherwise due to a subcontractor, any amount of such excessive profits of such subcontractor; or (D) by recovery from the contractor, through repayment, credit, or suit any amount of such excessive profits actually paid to him; or (E) by any combination of these methods, as is deemed desirable. Actions on behalf of the United States may be brought in the appropriate courts of the United States to recover from the contractor any amount of such excessive profits actually paid to him and not withheld or eliminated by some other method under this subsection. The surety under a contract or subcontract shall not be liable for the repayment of any excessive profits thereon. Each contractor and subcontractor is hereby indemnified by the United States against all claims by any subcontractor on account of amounts withheld from such subcontractor pursuant to this paragraph. All money recovered in respect of amounts paid to the contractor from appropriations from the Treasury by way of repayment or suit under this subsection shall be covered into the Treasury as miscellaneous receipts. Upon the withholding of any amount of excessive profits or the crediting of any amount of excessive profits against amounts otherwise due a contractor, the Secretary shall certify the amount thereof to the Treasury and the appropriations of his Department shall be reduced by an amount equal to the amount so withheld or credited. The amount of such reductions shall be transferred to the surplus fund of the Treasury. In eliminating excessive profits the Secretary shall allow the contractor or subcontractor credit for Federal income and

If an agreement or order determining the amount of excessive profits is not made within one year following the commencement of the renegotiation proceeding, then upon the expiration of such one year all liabilities of the contractor or subcontractor for excessive profits with respect to which such proceeding was commenced shall thereupon be discharged, except that (A) if an order is made within such one year by the Secretary (or an officer or agency designated by the Secretary) pursuant to a delegation of authority under subsection (d) (4), such one-year limitation shall not apply to review of such order by the Board, and (B) such one-year period may be extended by mutual agreement.

Agreements for elimination of excessive profits and discharge of liability.

Conclusive force.

"(4) For the purposes of this section the Board may make final or other agreements with a contractor or subcontractor for the elimination of excessive profits and for the discharge of any liability for excessive profits under this section. Such agreements may contain such terms and conditions as the Board deems advisable. Any such agreement shall be conclusive according to its terms; and except upon a showing of fraud or malfeasance or a willful misrepresentation of a material fact, (A) such agreement shall not for the purposes of this section be reopened as to the matters agreed upon, and shall not be modified by any officer, employee, or agent of the United States, and (B) such agreement and any determination made in accordance therewith shall not be annulled, modified, set aside, or disregarded in any suit, action, or proceeding.

Financial statements.

"(5) (A) Every contractor and subcontractor who holds contracts or subcontracts, to which the provisions of this subsection are applicable, shall, in such form and detail as the Board may by regulations prescribe, file with the Board on or before the first day of the fourth month following the close of the fiscal year (or if such fiscal year has closed on the date of the enactment of the Revenue Act of 1943, on or before the first day of the fourth month following the month in which such date of enactment falls), a financial statement setting forth such information as the Board may by regulations prescribe as necessary to carry out this section. In addition to the statement required under the preceding sentence, every such contractor or subcontractor shall, at such time or times and in such form and detail as the Board may by regulations prescribe, furnish the Board any information, records, or data which is determined by the Board to be necessary to carry out this section. Any person who willfully fails or refuses to furnish any statement, information, records, or data required of them under this subsection, or who knowingly furnishes any such statement, information, records, or data containing information which is false or misleading in any material respect, shall, upon conviction thereof, be punished by a fine of not more than \$10,000 or imprisonment for not more than two years, or both.

Penalty.

“(B) For the purposes of this section the Board shall have the same powers with respect to any such contractor or subcontractor that any agency designated by the President to exercise the powers conferred by Title XIII of the Second War Powers Act, 1942, has with respect to any contractor to whom such title is applicable. In the interest of economy and the avoidance of duplication of inspection and audit, the services of the Bureau of Internal Revenue shall, upon request of the Board and the approval of the Secretary of the Treasury, be made available to the extent determined by the Secretary of the Treasury for the purpose of making examinations and audits under this section.

“(6) This subsection shall be applicable to all contracts and subcontracts, to the extent of amounts received or accrued thereunder in any fiscal year ending after June 30, 1943, whether such contracts or subcontracts were made on, prior to, or after the date of the enactment of the Revenue Act of 1943, and whether or not such contracts or subcontracts contain the provisions required under subsection (b), unless (A) the contract or subcontract provides otherwise pursuant to subsection (i), or is exempted under subsection (i), or (B) the aggregate of the amounts received or accrued in such fiscal year by the contractor or subcontractor and all persons under the control of or controlling or under common control with the contractor or subcontractor, under contracts with the Departments and subcontracts (including those described in clause (A)), but excluding subcontracts described in subsection (a) (5) (B) do not exceed \$500,000 and under subcontracts described in subsection (a) (5) (B) do not exceed \$25,000 for such fiscal year. If such fiscal year is a fractional part of twelve months, the \$500,000 amount and the \$25,000 amount shall be reduced to the same fractional part thereof for the purposes of this paragraph.

“(d) (1) There is hereby created a War Contracts Price Adjustment Board (in this section called the ‘Board’), which shall consist of six members. One of the members shall be an officer or employee of the Department of War and shall be appointed by the Secretary of War, one shall be an officer or employee of the Department of the Navy and shall be appointed by the Secretary of the Navy, one shall be an officer or employee of the Department of the Treasury and shall be appointed by the Secretary of the Treasury, one shall be an officer or employee of the United States Maritime Commission or the War Shipping Administration and shall be appointed jointly by the Chairman of the United States Maritime Commission and the Administrator of the War Shipping Administration, one shall be an officer or employee of the Reconstruction Finance Corporation and shall be appointed by the Chairman of the board of directors of the Reconstruction Finance Corporation, and one shall be an officer or employee of the War Production Board and shall be appointed by the Chairman of the War Production Board. They shall elect a chairman from among their members. The Board shall have a seal which shall be judicially noticed.

“(2) The principal office of the Board shall be in the District of Columbia, but it or any division thereof may meet and exercise its powers at any other place within the United States. order.

"(e) (1) Any contractor or subcontractor aggrieved by an order of the Board determining the amount of excessive profits received or accrued by such contractor or subcontractor may, within ninety days (not counting Sunday or a legal holiday in the District of Columbia as the last day) after the mailing of the notice of such order under subsection (c) (1), file a petition with The Tax Court of the United States for a redetermination thereof. Upon such filing such court shall have exclusive jurisdiction, by order, to finally determine the amount, if any, of such excessive profits received or accrued by the contractor or subcontractor, and such determination shall not be reviewed or redetermined by any court or agency. The court may determine as the amount of excessive profits an amount either less than, equal to, or greater than that determined by the Board. A proceeding before the Tax Court to finally determine the amount, if any, of excessive profits shall not be treated as a proceeding to review the determination of the Board, but shall be treated as a proceeding *de novo*. For the purposes of this subsection the court shall have the same powers and duties, insofar as applicable, in respect of the contractor, the subcon-

tractor, the Board and the Secretary, and in respect of the attendance of witnesses and the production of papers, notice of hearings, hearings before divisions, review by the Tax Court of decisions of divisions, stenographic reporting, and reports of proceedings, as such court has under sections 1110, 1111, 1113, 1114, 1115 (a), 1116, 1117 (a), 1118, 1120, and 1121 of the Internal Revenue Code in the case of a proceeding to redetermine a deficiency. In the case of any witness for the Board or Secretary, the fees and mileage, and the expenses of taking any deposition shall be paid out of appropriations of the Board or Department available for that purpose, and in the case of any other witnesses, shall be paid, subject to rules prescribed by the court, by the party at whose instance the witness appears or the deposition is taken. The filing of a petition under this subsection shall not operate to stay the execution of the order of the Board under subsection (c) (2).

“(2) Any contractor or subcontractor (excluding a subcontractor described in subsection (a) (5) (B)) aggrieved by a determination of the Secretary made prior to the date of the enactment of the Revenue Act of 1943, with respect to a fiscal year ending before July 1, 1943, as to the existence of excessive profits, which is not embodied in an agreement with the contractor or subcontractor, may, within ninety days (not counting Sunday or a legal holiday in the District of Columbia as the last day) after the date of the enactment of the Revenue Act of 1943, file a petition with The Tax Court of the United States for a redetermination thereof, and any such contractor or subcontractor aggrieved by a determination of the Secretary made on or after the date of the enactment of the Revenue Act of 1943, with respect to any such fiscal year, as to the existence of excessive profits, which is not embodied in an agreement with the contractor or subcontractor, may, within ninety days (not counting Sunday or a legal holiday in the District of Columbia as the last day) after the date of such determination, file a petition with The Tax Court of the United States for a redetermination thereof. Upon such filing such court shall have the same jurisdiction, powers, and duties, and the proceeding shall be subject to the same provisions, as in the case of a petition filed with the court under paragraph (1), except that the amendments made to this section by the Revenue Act of 1943 which are not made applicable as of April 28, 1942, or to fiscal years ending before July 1, 1943, shall not apply.

“(f) For repricing of war contracts, see Title VIII of the Revenue Act of 1943.

“(g) If any provision of this section or the application thereof to any person or circumstance is held invalid, the remainder of the section and the application of such provision to other persons or circumstances shall not be affected thereby.

“(h) This section shall apply only with respect to profits derived from contracts with the Departments and subcontracts which are attributable to performance prior to the termination date. For the purposes of this subsection—

“(1) The profits derived from any contract with a Department or subcontract which shall be deemed ‘attributable to performance prior to the termination date’ shall be—

“(A) in the case of any contract or subcontract the performance of which requires more than twelve months, or in the case of any contract or subcontract with respect to which the powers of the Board are exercised separately pursuant to subsection (c) (1) rather than on a fiscal-year basis, the portion of the profits so derived which is determined by the Board to be equal to the same percentage of the total profits

“(B) in all other cases, the profits so derived which are received or accrued prior to the termination date; and

“Termination date.”

“(2) The term ‘termination date’ means—

“(A) December 31, 1944; or

“(B) If the President not later than December 1, 1944, finds and by proclamation declares that competitive conditions have not been restored, such date not later than June 30, 1945, as may be specified by the President in such proclamation as the termination date; or

Exempt contracts.

“(i) (1) The provisions of this section shall not apply to—

“(A) any contract by a Department with any other department, bureau, agency, or governmental corporation of the United States or with any Territory, possession, or State or any agency thereof or with any foreign government or any agency thereof; or

“(B) any contract or subcontract for the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, which has not been processed, refined, or treated beyond the first form or state suitable for industrial use; or

“(C) any contract or subcontract for an agricultural commodity in its raw or natural state, or if the commodity is not customarily sold or has not an established market in its raw or natural state, in the first form or state, beyond the raw or natural state, in which it is customarily sold or in which it has an established market. The term ‘agricultural commodity’ as used herein shall include but shall not be limited to—

“(i) commodities resulting from the cultivation of the soil such as grains of all kinds, fruits, nuts, vegetables, hay, straw, cotton, tobacco, sugar cane, and sugar beets;

“(ii) natural resins, saps and gums of trees;

“(iii) animals such as cattle, hogs, poultry, and sheep, fish and other marine life, and the produce of live animals, such as wool, eggs, milk and cream; or

“(D) any contract or subcontract with an organization exempt from taxation under section 101 (6) of the Internal Revenue Code; or

“(E) any contract with a Department, awarded as a result of competitive bidding, for the construction of any building, structure, improvement, or facility; or

“(F) any subcontract, directly or indirectly under a contract or subcontract to which this section does not apply by reason of this paragraph.

“(2) The Board is authorized by regulation to interpret and apply the exemptions provided for in paragraph (1) (A), (B), (C), (E), and (F), and interpret and apply the definition contained in subsection (a) (7).

“(3) In the case of a contractor or subcontractor who produces or acquires the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, and processes, refines, or treats such a product to and beyond the first form or state suitable for industrial use, or who produces or acquires an agricultural product and processes, refines, or treats such a product to and beyond the first form or state in which it is customarily sold or in which it has an established market, the Board shall prescribe such regulations as may be necessary to give such contractor or subcontractor a cost allowance substantially equivalent to the amount which would have been realized by such contractor or subcontractor if he had sold such product at such first form or state. Notwithstanding any other provisions of this section there shall be excluded from consideration in determining whether or not a contractor or subcontractor has received or accrued excessive profits that portion of the profits, derived from contracts with the Departments and subcontracts, attributable to the increment in value of the excess inventory. For the purposes of this paragraph the term ‘excess inventory’ means inventory of products, hereinbefore described in this paragraph, acquired by the contractor or subcontractor in the form or at the state in which contracts for such products on hand or on contract would be exempted from this section by subsection (i) (1) (B) or (C), which is in excess of the inventory reasonably necessary to fulfill existing contracts or orders. That portion of the profits, derived from contracts with the Departments and subcontracts, attributable to the increment in value of the excess inventory, and the method of excluding such portion of profits from consideration in determining whether or not the contractor or subcontractor has received or accrued excessive profits, shall be determined in accordance with regulations prescribed by the Board. In the case of a renegotiation with respect to a fiscal year ending prior to July 1, 1943, the portion of the profits, derived from contracts with the Departments and subcontracts, attributable to the increment in value of the excess inventory shall (to the extent such portion does not exceed the excessive profits determined) be credited or refunded to the contractor or subcontractor, and in case the determination of excessive profits was made prior to the date of the enactment of the Revenue Act of 1943, such credit or refund shall be made notwithstanding such determination is embodied in an agreement with the contractor or subcontractor, but in either case such credit or refund shall be made only if the contractor or subcontractor, within ninety days after the date of the enactment of the Revenue Act of 1943, files a claim therefor with the Secretary concerned.

“(4) The Board is authorized, in its discretion, to exempt from some or all of the provisions of this section—

Contracts subject to discretionary exemption.

“(A) any contract or subcontract to be performed outside of the territorial limits of the continental United States or in Alaska;

“(B) any contracts or subcontracts under which, in the opinion of the Board, the profits can be determined with reasonable certainty when the contract price is established, such as certain classes of agreements for personal services, for the purchase of real property, perishable goods, or commodities the minimum price for the sale of which has been fixed by a public regulatory body, of leases and license agreements, and of agreements where the period of performance under such contract or subcontract will not be in excess of thirty days;

“(C) any contract or subcontract or performance thereunder during a specified period or periods, if in the opinion of the Board, the provisions of the contract are otherwise adequate to prevent excessive profits;

"(D) any contract or subcontract for the making or furnishing of a standard commercial article, if, in the opinion of the Board, competitive conditions affecting the sale of such article are such as will reasonably protect the Government against excessive prices;

"(E) any contract or subcontract, if, in the opinion of the Board, competitive conditions affecting the making of such contract or subcontract are such as are likely to result in effective competition with respect to the contract or subcontract price; and

"(F) any subcontract or group of subcontracts not otherwise exempt from the provisions of this section, if, in the opinion of the Board, it is not administratively feasible in the case of such subcontract or in the case of such group of subcontracts to determine and segregate the profits attributable to such subcontract or group of subcontracts from the profits attributable to activities not subject to renegotiation.

The Board may so exempt contracts and subcontracts both individually and by general classes or types.

"(j) Nothing in sections 109 and 113 of the Criminal Code (U. S. C., title 18, secs. 198 and 203) or in section 190 of the Revised Statutes (U. S. C., title 5, sec. 99) shall be deemed to prevent any person by reason of service in a Department or the Board during the period (or a part thereof) beginning May 27, 1940, and ending six months after the termination of hostilities in the present war, as proclaimed by the President, from acting as counsel, agent, or attorney for prosecuting any claim against the United States: *Provided*, That such person shall not prosecute any claim against the United States (1) involving any subject matter directly connected with which such person was so employed, or (2) during the period such person is engaged in employment in a Department.

"(k) Nothing in this section shall be construed to limit or restrict any authority or discretion of the Secretary of a Department under the provisions of any other law.

"(l) This section may be cited as the 'Renegotiation Act'."

(c) TECHNICAL AMENDMENTS.—(1) Section 3806 (a) (1) (B) and (C) of the Internal Revenue Code (relating to mitigation of effect of renegotiation of war contracts) are respectively amended by striking out "by the Revenue Act of 1942".

(2) Section 3806 (b) (1) and (b) (2) of the Internal Revenue Code (relating to credit against repayment on account of renegotiation) are respectively amended by inserting after "Chapter 2A," wherever appearing therein "Chapter 2B,".

(3) Section 3806 (b) of the Internal Revenue Code is further amended by renumbering paragraphs (2) and (3) as paragraphs (3) and (4), respectively, and by inserting after paragraph (1) the following new paragraph:

"(2) SPECIAL RULES AS TO INDIVIDUALS FOR 1942 AND 1943.—In the case of an individual subject to the provisions of sections 58, 59, and 60 of Chapter 1 and to the provisions of section 6 of the Current Tax Payment Act of 1943—

"(A) No credit shall be allowed under paragraph (1) of this subsection for any amount by which the tax for the taxable year 1942 under Chapter 1 is decreased by the application of paragraph (1) or paragraph (2) of subsection (a). If, contrary to the foregoing provisions of this subparagraph, any part of the amount shown on the return as such tax for the taxable year 1942 or any part of an amount assessed as such tax for such year or as an addition to such tax is credited against excessive profits eliminated for such year or against an amount disallowed

If any credit is allowed under this subparagraph, no other credit or refund under the internal revenue laws shall be made on account of the amount so allowed with respect to the taxable year 1943. AN ACT

February 26, 1944
[H. R. 2580]
[Public Law 236]

To grant the consent of Congress to a compact entered into by the States of South Dakota and Wyoming relating to the waters of the Belle Fourche River Basin, to make provisions concerning the exercise of Federal jurisdiction as to those waters, to promote the most efficient use of those waters, and for other purposes.

Belle Fourche River
Compact.
Consent of Congress.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent of Congress is hereby given to a compact authorized by the Act entitled "An Act granting the consent of Congress to compacts or agreements between the States of South Dakota and Wyoming with respect to the division and apportionment of the waters of the Belle Fourche and Cheyenne Rivers and other streams in which such States are jointly interested", approved February 26, 1927 (44 Stat. 1247), signed by commissioners for the States of South Dakota and Wyoming, on the 18th day of February 1943 and thereafter ratified by the act of the Legislature of South Dakota entitled "An act ratifying and approving a compact between the States of Wyoming and South Dakota for use of the waters of the Belle Fourche River, and declaring an emergency", approved March 4, 1943 and the act of the Legislature of Wyoming entitled "An act to provide for the ratification and approval of the Belle Fourche River Compact", approved March 3, 1943, which compact reads as follows:

Text of compact.

BELLE FOURCHE RIVER COMPACT

The States of South Dakota and Wyoming, parties signatory to this compact (hereinafter referred to as South Dakota and Wyoming, respectively, or individually as a State, or collectively as the States), have resolved to conclude a compact as authorized under the Act of Congress of February 26, 1927, Chapter 216, 44 Stat. 1247, and, after

negotiations participated in by the following named State Commissioners.

For South Dakota:

M. Q. Sharpe
G. W. Morsman
S. G. Mortimer
W. D. Buchholz

For Wyoming:

L. C. Bishop
Samuel McKean
L. H. Robinson
Mrs. E. E. McKean

and by Howard R. Stinson, appointed as the Representative of the United States of America, have agreed upon the following articles, to-wit:

ARTICLE I

A. The major purposes of this compact are to provide for the most efficient use of the waters of the Belle Fourche River Basin (hereinafter referred to as the Basin) for multiple purposes; to provide for an equitable division of such waters; to remove all causes, present and future, which might lead to controversies; to promote interstate comity; to recognize that the most efficient utilization of the waters within the Basin is required for the full development of the Basin; and to promote joint action by the States and the United States in the efficient use of water and the control of floods.

B. The physical and other conditions peculiar to the Basin constitute the basis for this compact; and none of the States hereby, nor the Congress of the United States by its consent, concedes that this compact establishes any general principle or precedent with respect to any other interstate stream.

C. Either State and all others using, claiming or in any manner asserting any right to the use of the waters of the Belle Fourche River under the authority of that State, shall be subject to the terms of this compact.

ARTICLE II

As used in this compact:

A. The term "Belle Fourche River" shall mean and include the Belle Fourche River and all its tributaries originating in Wyoming.

B. The term "Basin" shall mean that area in South Dakota and Wyoming which is naturally drained by the Belle Fourche River, and all its tributaries.

C. The term "beneficial use" is herein defined to be that use by which the water supply of a drainage basin is depleted when usefully employed by the activities of man, and includes water lost by evaporation, and other natural causes from streams, canals, ditches, irrigated areas, and reservoirs.

D. Where the name of the State or the term "State" or "States" is used, these shall be construed to include any person or entity of any nature whatsoever using, claiming, or in any manner asserting any right to the use of the waters of the Belle Fourche River under the authority of that State.

ARTICLE III

It shall be the duty of the two States to administer this compact through the official in each State who is now or may hereafter be charged with the duty of administering the public water supplies, and to collect and correlate through such officials the data necessary for

the proper administration of the provisions of this compact. Such officials may, by unanimous action, adopt rules and regulations consistent with the provisions of this compact.

The United States Geological Survey, or whatever Federal agency may succeed to the functions and duties of that agency, insofar as this compact is concerned, shall collaborate with the officials of the States charged with the administration of this compact in the execution of the duty of such officials in the collection, correlation, and publication of information necessary for the proper administration of this compact.

ARTICLE IV

Each State shall itself or in conjunction with other responsible agencies cause to be established, maintained, and operated such suitable water gaging stations as it finds necessary to administer this compact.

ARTICLE V

A. Wyoming and South Dakota agree that the unappropriated waters of the Belle Fourche River as of the date of this compact shall be allocated to each State as follows:

90% to South Dakota

10% to Wyoming;

Provided that allocations to Wyoming shall be exclusive of the use of these waters for domestic and stock use, and Wyoming shall be allowed unrestricted use for these purposes, except that no reservoir for such use shall exceed 20 acre-feet in capacity. For storage of its allocated water, Wyoming shall have the privilege of purchasing at cost not to exceed 10% of the total storage capacity of any reservoir or reservoirs constructed in Wyoming for irrigation of lands in South Dakota, or may construct reservoirs itself for the purpose of utilizing such water. Either State may temporarily divert, or store for beneficial use, any unused part of the above percentages allotted to the other, but no continuing right shall be established thereby.

B. Rights to the use of the waters of the Belle Fourche River, whether based on direct diversion or storage, are hereby recognized as of the date of this compact to the extent these rights are valid under the law of the State in which the use is made, and shall remain unimpaired hereby. These rights, together with the additional allocations made under A of this Article, are agreed to be an equitable apportionment between the States of the waters of the Basin.

C. The waters allocated under A of this Article and the rights recognized under B of this Article are hereinafter referred to collectively as the apportioned water. For the purposes of the administration of this compact and determining the apportioned water at any given date within a given calendar year, there shall be taken the sum of:

(1) The quantity of water in acre-feet that passed the Wyoming-South Dakota State line during the period from January 1 of that year to that given date.

(2) The quantity of water in acre-feet in storage on that date in all reservoirs built in Wyoming on the Belle Fourche River subsequent to the date of this compact.

ARTICLE VI

Any person, entity, or State shall have the right to acquire necessary property rights in another State by purchase or through the exercise of the power of eminent domain for the construction, operation and

maintenance of storage reservoirs and of appurtenant works, canals, and conduits required for the enjoyment of the privileges granted by Article V and Article VII A; provided, however, that the grantees of such rights shall pay to the political subdivisions of the State in which such works are located, each and every year during which such rights are enjoyed for such purposes, a sum of money equivalent to the average annual amount of taxes assessed against the lands and improvements thereon during the 10 years preceding the use of such lands in reimbursement for the loss of taxes to said political subdivision of the State.

ARTICLE VII

A. Either State shall have the right, by compliance with the laws of the other State, to file applications for and receive permits to construct or participate in the construction and use of any dam, storage reservoir, or diversion works in such State for the purpose of conserving and regulating the apportioned water of the other State; provided, that such right is subject to the rights of the other State to control, regulate, and use water apportioned to it.

B. Each claim hereafter initiated for storage or diversion of water in one State for use in another State shall be filed in the Office of the State Engineer of the State in which the water is to be stored or diverted, and a duplicate copy of the application including a map showing the character and location of the proposed facilities and the lands to be irrigated shall be filed in the Office of the State Engineer of the State in which the water is to be used. If a portion or all the lands proposed to be reclaimed are located in a State other than the one in which the water is to be stored or diverted, then, before approval of the application shall be granted, said application shall be checked against the records of the appropriate office of the State in which the water is to be used, and a notation shall be placed thereon by the officer in charge of such records to the effect that the land description does not indicate a conflict with existing water rights. All endorsements shall be placed on both the original and duplicate copies of all such maps filed to the end that the records in both States may be complete and identical.

C. Appropriations may hereafter be adjudicated in the State in which the water is stored or diverted, and where a portion or all of the lands irrigated are in the other State, such adjudications shall be confirmed in the latter State by the proper authority. Each adjudication is to conform with the laws of the State where the water is stored or diverted and shall be recorded in the county and State where the water is used.

ARTICLE VIII

In case any reservoir is constructed in Wyoming, to be used principally for irrigation of lands in South Dakota, sufficient water not to exceed 10 cubic feet per second shall be released at all times for stock water use.

ARTICLE IX

No reservoir hereafter built solely to utilize the water allocated to Wyoming shall have a capacity in excess of 1,000 acre-feet.

ARTICLE X

The provisions of this compact shall remain in full force and effect until amended by action of the Legislature of the States and con-

sented to and approved by the Congress of the United States in the same manner as this compact is required to be ratified to become effective.

ARTICLE XI

This compact may be terminated at any time by unanimous consent of the States, and upon such termination, all rights then established hereunder or recognized hereby shall continue to be recognized as valid by the States notwithstanding the termination of the other provisions of the compact.

ARTICLE XII

Nothing in this compact shall be construed to limit or prevent either State from instituting or maintaining any action or proceeding, legal or equitable, in any Federal court or the United States Supreme Court for the protection of any right under this compact or the enforcement of any of its provisions.

ARTICLE XIII

Nothing in this compact shall be deemed:

A. To impair or affect any rights or powers of the United States, its agencies, or instrumentalities, in and to the use of the waters of the Belle Fourche River nor its capacity to acquire rights in and to the use of said waters;

B. To subject any property of the United States, its agencies, or instrumentalities to taxation by either State or subdivision thereof, nor to create an obligation on the part of the United States, its agencies, or instrumentalities, by reason of the acquisition, construction or operation of any property or works of whatsoever kind, to make any payments to any State or political subdivision thereof, State agency, municipality, or entity whatsoever in reimbursement for the loss of taxes;

C. To subject any property of the United States, its agencies, or instrumentalities, to the laws of any State to an extent other than the extent to which these laws would apply without regard to the compact.

ARTICLE XIV

This compact shall become operative when approved by the Legislature of each of the States, and when consented to by the Congress of the United States by legislation providing, among other things, that:

A. Any beneficial uses hereafter made by the United States, or those acting by or under its authority, within a State, of the waters allocated by this compact, shall be within the allocations hereinabove made for use in that State and shall be taken into account in determining the extent of use within that State.

B. The United States, or those acting by or under its authority, in the exercise of rights or powers arising from whatever jurisdiction the United States has in, over and to the waters of the Belle Fourche River and all its tributaries, shall recognize, to the extent consistent with the best utilization of the waters for multiple purposes, that beneficial use of the waters within the Basin is of paramount importance to development of the Basin, and no exercise of such power or right thereby that would interfere with the full beneficial use of the waters shall be made except upon a determination, giving due consideration to the objectives of this compact and after consultation with all interested Federal agencies and the State officials charged with

the administration of this compact, that such exercise is in the interest of the best utilization of such waters for multiple purpose.

C. The United States, or those acting by or under its authority, will recognize any established use, for domestic and irrigation purposes, of the apportioned waters which may be impaired by the exercise of Federal jurisdiction in, over, and to such waters; provided, that such use is being exercised beneficially, is valid under the laws of the appropriate State and in conformity with this compact at the time of the impairment thereof, and was validly initiated under State law prior to the initiation or authorization of the Federal program or project which causes such impairment.

ARTICLE XV

Should a court of competent jurisdiction hold any part of this compact to be contrary to the constitution of any State or of the United States, all other severable provisions shall continue in full force and effect.

In Witness Whereof the Commissioners have signed this compact in triplicate original, one of which shall be filed in the archives of the Department of State of the United States of America and shall be deemed the authoritative original, and of which a duly certified copy shall be forwarded to the Governor of each of the States.

(3) The United States, or those acting by or under its authority, will recognize any established use, for domestic and irrigation purposes, of the apportioned water which may be impaired by the exercise of Federal jurisdiction in, over, and to such water: *Provided*, That such use is being exercised beneficially, is valid under the laws of the appropriate State and in conformity with such compact at the time of the impairment thereof, and was validly initiated under State law prior to the initiation or authorization of the Federal program or project which causes such impairment.

(b) As used in this section, the following terms: "beneficial use", "Basin", and "apportioned water", shall have the same meanings as those ascribed to them in the compact consented to by this Act.

“11. The task of rehabilitation must not be considered as the beginning of reconstruction—it is coterminous with relief. No new construction or reconstruction work is contemplated, but only rehabilitation as defined in the preamble of the Agreement. Problems, such as unemployment, are important, but not determining factors. They are consequences and, at the same time, motives of action. The Administration cannot be called upon to help restore continuous employment in the world.”

SEC. 4. In expressing its approval of this joint resolution, it is the recommendation of Congress that insofar as funds and facilities permit, any area (except within enemy territory and while occupied by the enemy) important to the military operations of the United Nations which is stricken by famine or disease may be included in

[S. 250]

[Public Law 273]

To promote sustained-yield forest management in order thereby (a) to stabilize communities, forest industries, employment, and taxable forest wealth; (b) to assure a continuous and ample supply of forest products; and (c) to secure the benefits of forests in regulation of water supply and stream flow, prevention of soil erosion, amelioration of climate, and preservation of wildlife.

Cooperative sus-
tained-yield forest
management.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to promote the stability of forest industries, of employment, of communities, and of taxable forest wealth, through continuous supplies of timber; in order to provide for a continuous and ample supply of forest products; and in order to secure the benefits of forests in maintenance of water supply, regulation of stream flow, prevention of soil erosion, amelioration of climate, and preservation of wildlife, the Secretary of Agriculture and the Secretary of the Interior are severally authorized to establish by formal declaration, when in their respective judgments such action would be in the public interest, cooperative sustained-yield units which shall consist of federally owned or administered forest land under the jurisdiction of the Secretary establishing the unit and, in addition thereto, land which reasonably may be expected to be made the subject of one or more of the cooperative agreements with private landowners authorized by section 2 of this Act.

Agreements with
private landowners.

SEC. 2. The Secretary of Agriculture, with respect to forest land under his jurisdiction, and the Secretary of the Interior, with respect to forest land under his jurisdiction, are severally authorized, for the purposes specified in section 1 of this Act, to enter into cooperative agreements with private owners of forest land within a cooperative sustained-yield unit, established pursuant to section 1 of this Act, providing for the coordinated management of such private forest land and of federally owned or administered forest lands within the sustained-yield unit involved.

Noncompetitive
purchases of forest
products.

Each cooperative agreement may give the cooperating private landowner the privilege of purchasing without competitive bidding at prices not less than their appraised value, subject to periodic readjustments of stumpage rates and to such other conditions and requirements as the Secretary may prescribe, timber and other forest products from federally owned or administered forest land within the unit, in accordance with the provisions of sustained-yield management plans formulated or approved by the Secretary for the unit; shall limit the time, rate, and method of cutting or otherwise harvesting timber and other forest products from the land of the cooperating private landowner, due consideration being given to the character and condition of the timber, to the relation of the proposed cutting to the sustained-yield plan for the unit, and to the productive capacity of the land; shall prescribe the terms and conditions, but not the price, upon which the cooperating private landowner may sell to any person timber and other forest products from his land, compliance by the purchaser with such conditions to be required by the contract of sale; shall contain such provisions as the Secretary deems necessary to protect the reasonable interest of other owners of forest land within the unit; and shall contain such other provisions as the Secretary believes necessary to carry out the purposes of this Act.

Limitation on har-
vesting.

Sales.

Protection of land-
owners' interest.

Each cooperative agreement shall be placed on record in the county or counties in which the lands of the cooperating private landowner covered thereby are located, and the costs incident to such recordation may be paid out of any funds available for the protection or management of federally owned or administered forest land within the unit. When thus recorded, the agreement shall be binding upon the heirs, successors, and assigns of the owner of such land, and upon purchasers of timber or other forest products from such land, throughout the life of such cooperative agreement.

Recordation of agreement.

SEC. 3. The Secretary of Agriculture and the Secretary of the Interior are further severally authorized, whenever in their respective judgments the maintenance of a stable community or communities is primarily dependent upon the sale of timber or other forest products from federally owned or administered forest land and such maintenance cannot effectively be secured by following the usual procedure in selling such timber or other forest products, to establish by formal declaration for the purpose of maintaining the stability of such community or communities a sustained-yield unit consisting of forest land under the jurisdiction of the Secretary establishing such unit, to determine and define the boundaries of the community or communities for whose benefit such unit is created, and to sell, subject to such conditions and requirements as the Secretary believes necessary, federally owned or administered timber and other forest products from such unit without competitive bidding at prices not less than their appraised values, to responsible purchasers within such community or communities.

Establishment of units for maintenance of community stability.

SEC. 4. Each of the said Secretaries is further authorized in his discretion to enter into cooperative agreements with the other Secretary, or with any Federal agency having jurisdiction over federally owned or administered forest land, or with any State or local agency having jurisdiction over publicly owned or administered forest land, providing for the inclusion of such land in any coordinated plan of management otherwise authorized by the provisions of this Act when by such a cooperative agreement he may be aided in accomplishing the purposes of this Act; but no federally or publicly owned or administered forest land not under the jurisdiction of the Secretary establishing the sustained-yield unit concerned shall be included in any such plan except in pursuance of a cooperative agreement made under this section.

Coordinated plan of management. Inclusion of certain lands.

SEC. 5. Before any sustained-yield unit authorized by section 1 or section 3 of this Act shall be established, and before any cooperative agreement authorized by section 2 or section 4 of this Act shall be entered into, advance notice thereof shall be given by registered mail to each landowner whose land is proposed to be included and by publication in one or more newspapers of general circulation in the vicinity of the place where the timber is located, and the costs incident to such publication may be paid out of any funds available for the protection or management of the federally owned or administered forest land involved. This notice shall state: (1) the location of the proposed unit; (2) the name of each proposed cooperator; (3) the duration of the proposed cooperative agreement or agreements; (4) the location and estimated quantity of timber on the land of each proposed cooperator and on the Federal land involved; (5) the expected rate of cutting of such timber; and (6) the time and place of a public hearing to be held not less than thirty days after the first publication of said notice for the presentation of the advantages and disadvantages of the proposed action to the community or communities affected.

Advance notice.

Public hearing.

Before any sale agreement made without competition and involving more than \$500 in stumpage value of federally owned or administered timber shall be entered into under this Act, advance notice thereof

Noncompetitive sale agreements.

shall be given by publication once weekly for four consecutive weeks in one or more newspapers of general circulation in the vicinity of the place where the timber is located, and the costs incident to such publication may be paid out of any funds available for the protection or management of federally owned or administered forest land within the unit concerned. This notice shall state: (1) the quantity and appraised value of the timber; (2) the time and place of a public hearing to be held not less than thirty days after the first publication of said notice if requested by the State or county where the timber is located or by any other person deemed to have a reasonable interest in the proposed sale or in its terms; and (3) the place where any request for a public hearing shall be made. Such requests need be considered only if received at the place designated in the notice not later than fifteen days after the first publication of such notice. If a request for a hearing is received within the time designated, notice of the holding of the hearing shall be given not less than ten days before the time set for such hearing, in the same manner as provided for the original notice.

Public hearing.

Records of hearings.

The determination made by the Secretary having jurisdiction upon the proposals considered at any such hearing, which determination may include the modification of the terms of such proposals, together with the minutes or other record of the hearing, shall be available for public inspection during the life of any coordinated plan of management or agreement entered into in consequence of such determination.

Failure to comply with terms of agreement.

SEC. 6. In addition to any other remedy available under existing law, upon failure of any private owner of forest land which is subject to a cooperative agreement entered into pursuant to this Act to comply with the terms of such agreement, or upon failure of any purchaser of timber or other forest products from such land to comply with the terms and conditions required by such agreement to be included in the contract of sale, the Attorney General, at the request of the Secretary concerned, is authorized to institute against such owner or such purchaser a proceeding in equity in the proper district court of the United States, to require compliance with the terms and conditions of said cooperative agreement; and jurisdiction is hereby conferred upon said district courts to hear and determine such proceedings, to order compliance with the terms and conditions of cooperative agreements entered into pursuant to this Act, and to make such temporary and final orders as shall be deemed just in the premises. JOINT RESOLUTION

March 31, 1944
[H. J. Res. 234]
[Public Law 276]

To amend the Agricultural Adjustment Act of 1938, as amended, for the purpose of further regulating interstate and foreign commerce in tobacco, and for other purposes.

Whereas the increased demand for cigarettes and other tobacco products has resulted in record usages during recent years of burley tobacco; and

Whereas, due to a shortage of labor and equipment and the need for the production of essential food and fiber crops, the production of burley tobacco has not kept pace with this increased usage; and

Whereas small growers of burley tobacco could, if their acreage allotments were increased, produce additional burley tobacco without adversely affecting their production of essential food and fiber crops: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That notwithstanding the provisions of section 313 (a) of the Agricultural Adjustment Act of 1938, as amended, the burley tobacco acreage allotment which would otherwise be established for any farm having a burley acreage allotment in 1943 shall not be less than one acre, or 25 per centum of the cropland, whichever is the smaller, and the acreage required for apportionment under this joint resolution shall be in addition to the National and State acreage allotments.

Resolved, That Public Law 118, Seventy-eighth Congress, approved July 7, 1943, is amended by striking out the words "marketing year 1944-45" and inserting in lieu thereof "marketing years 1944-45, 1945-46, and 1946-47".

"INFORMATION REGARDING ELECTIONS

"SEC. 205. The Commission shall, at appropriate times, furnish the Secretaries of War and Navy and the Administrator of the War Shipping Administration with any information received from a secretary of state as to the dates of elections in such State, including general, special, and primary elections. The Secretaries of War and Navy and the Administrator of the War Shipping Administration shall, whenever practicable and compatible with military operations, cause such information to be made available to persons to whom this title is applicable.

“COOPERATION WITH STATES

“SEC. 206. (a) It shall, wherever practicable and compatible with military operations, be the duty of the Secretary of War, the Secretary of the Navy, and the Administrator of the War Shipping Administration, respectively, to cooperate with appropriate State officers and agencies in transmitting to and from persons to whom this title is applicable, making applications therefor to their several States, such absentee ballots, and envelopes to be used in connection therewith, as may be provided under the laws of the several States for the use of such applicants, and to cooperate in the execution by such applicants of oaths in connection with such ballots.

“(b) The Secretaries of War and Navy and other appropriate authorities shall, so far as practicable and compatible with military operations, take all reasonable measures to facilitate transmission, delivery, and return of post cards, ballots, envelopes, and instructions for voting procedure, mailed to and by persons to whom this title is applicable pursuant to the laws of the several States, whether transmitted by air or by regular mail. Ballots executed outside the United States shall be returned by air, whenever practicable and compatible with military operations.

Air-mail return of ballots.

“SEC. 207. (a) It is recommended that the secretary of state of each of the several States, upon receipt of any such post-card application, promptly forward it to the proper county, city, or other election official or officials in order that the request for an absentee ballot may be acted upon as expeditiously as possible.

Forwarding of applications to local officials.

“(b) It is recommended that the several States cooperate, to the end that county, city, or other election officials be authorized and instructed, upon receipt of an application made upon such a post card, to mail promptly to the voter making the application, if legally permissible under the laws of the State, a suitable absentee ballot, including therewith a self-addressed envelope for the use of the voter in returning the ballot and any instructions to govern the use of such ballot and envelope.

Prompt mailing of ballots, etc.

“(c) It is recommended, so that the envelope in which the ballot is sent to the voter, and the envelope supplied for the return of the ballot, may be identified by the Post Office Department and other authorities as carrying an election ballot, that there be printed or stamped in a conspicuous place on each such envelope the words ‘Official Election War Ballot’. It is further recommended that, in the case of States in which no provision is made, either on the envelope or separately, for sending with the absentee ballots a printed form to be used by a voter for the purpose of establishing his legal right to vote, appropriate action be taken to have printed and enclosed with absentee ballots mailed in response to applications received on the post cards hereinbefore referred to, a form for the signature and oath or affirmation of the voter; and it is suggested that a form substantially as follows would be appropriate for such purpose:

Identification on envelopes.

Form for establishment of legal right to vote.

“(d) It is recommended that, in States where the voters’ absentee ballot will not be available for mailing to the voter forty-five days prior to any primary, general or special election, such States cause to be made such changes in the election laws of their States as will lengthen such time; and that all States waive registration of all men and women in the military service who, by reason of such services, have been deprived of an opportunity to register.

Reduction in size and weight of paper.

“(e) It is further recommended that the several States, in order to reduce the weight and bulk for air transport of absentee voting material being sent to persons to whom this Act is applicable, reduce in size and weight of paper, as much as possible, envelopes, ballots, and instructions for voting procedure.

But, instead of resigning, any judge other than a Justice of the Supreme Court, who is qualified to resign under the foregoing provisions, may retire, upon the salary of which he is then in receipt, from regular active service on the bench, and the President shall thereupon be authorized to appoint a successor; but a judge so retiring may nevertheless be called upon by the senior circuit judge or judicial council of that circuit and be by such senior circuit judge or such council authorized to perform such judicial duties in such circuit as such retired judge may be willing to undertake, or he may be called upon by the Chief Justice and be by him authorized to perform such judicial duties in any other circuit as such retired judge may be willing to undertake or he may be called upon either by the presiding judge or senior judge of any other such court and be by him authorized to perform such judicial duties in such court as such retired judge may be willing to undertake. Any judge who has heretofore retired, or who hereafter retires, under the provisions of this section, may perform judicial duties only when so called and authorized as herein provided, or as provided by an Act approved December 29, 1942, entitled ‘An Act to amend the Judicial Code to authorize the Chief Justice of the United States to assign circuit judges to temporary duty in circuits other than their own’.

“In the event any circuit judge, or district judge, having so held a commission or commissions at least ten years, continuously or otherwise, and having attained the age of seventy years as aforesaid, shall nevertheless remain in office, and not resign or retire as aforesaid, the President, if he finds any such judge is unable to discharge efficiently all the duties of his office by reason of mental or physical disability of permanent character, may, when necessary for the efficient dispatch of business, appoint, by and with the advice and consent of the Senate, an additional circuit judge of the circuit, or district judge of the district, to which such disabled judge belongs. Any judge who has heretofore retired or who hereafter retires voluntarily under the provisions of this section, or whose mental or physical condition caused the President to appoint an additional judge, shall be held and treated as if junior in commission to the remaining judges of said court, who shall, in the order of the seniority of their respective commissions, exercise such powers and perform such duties as by law may be incident to seniority. In districts where there may be more than one district judge, if the judges or a majority of them cannot agree upon the appointment of officials of the court, to be appointed by such judges, then the senior judge shall have the power to make such appointments: *Provided*, That in determining the seniority of district judges in any State for the purpose of exercising the power of appointing officials of the court, any district judge whose jurisdiction extends over more than one district shall be held

and treated as if junior in commission to the other district judges in such State, in all districts except the district of his residence at the time of his appointment.

“Upon the death, resignation, or retirement of any circuit or district judge, so entitled to resign, following the appointment of any additional judge as provided in this section, the vacancy caused by such death, resignation, or retirement of the said judge so entitled to resign shall not be filled.”

SEC. 2. The Act of August 5, 1939 (53 Stat. 1204; U. S. C., title 28, sec. 375b), entitled “An Act to extend the privilege of retirement for disability to judges appointed to hold office during good behavior”, is hereby amended by adding at the end thereof the following new section:

JOINT RESOLUTION

Authorizing and directing the Fish and Wildlife Service of the Department of the Interior to conduct a survey of the marine and fresh-water fishery resources of the United States, its Territories, and possessions.

May 11, 1944

[S. J. Res. 112]

[Public Law 302]

Survey of fishery re-
sources.

Whereas the fishery resources of the United States and its contiguous waters are so varied and so abundant that the fishery industries at the beginning of the Second World War had assumed a world position with respect to the production of fishery commodities, second only to the position occupied by Japan; and

Whereas despite the magnitude of these fishery resources and the economic importance of the fishing industry, the United States has failed to develop, to utilize, and to conserve her marine and fresh-water fishery resources to the fullest possible extent and to a degree commensurate with the development, utilization, and conservation of the resources of the land; and

Whereas the wartime demands for fishery products as food, for fishery byproducts for industrial uses, and upon the fisheries as a recreational pursuit, far exceed even the most optimistic production estimates; and

Whereas it is in the interest of all of the people of the United States to insure the fullest permanent development, utilization, and protection of the marine fishery resources of the high seas which may be subject to utilization by United States nationals, and of the marine and fresh-water fishery resources within the limits of territorial jurisdiction prosecuted both commercially and recreationally: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Fish and Wildlife Service of the Department of the Interior is hereby authorized and directed to conduct a survey of the character, extent, and condition of all of the marine and fresh-water fishery resources and other aquatic resources of the United States, its Territories, and possessions, including high-seas resources in which the United States may have interests or rights; and the economic organization and status of the industry based thereon; such survey is to include but is not to be limited to the following:

Scope of survey.

(a) The current methods, practices, facilities, and equipment used in producing commercial fishery products.

(b) The methods, practices, facilities, and equipment used in processing, distributing, transporting, marketing, and storing fishery products, including an assessment of measures required for the protection of these perishable commodities.

(c) The methods, practices, facilities, and equipment which may be practicable for expanding the utilization of the existing or potential marine and fresh-water fishery resources, inclusive of recreational fishing.

(d) The laws and regulations that govern the commercial and recreational fisheries.

Report and recommendations.

SEC. 2. The Fish and Wildlife Service of the Department of the Interior is directed to submit a report to the Congress as soon as practicable, but not later than January 1, 1945, concerning the results of the survey mentioned in the preceding section, and also shall submit recommendations with respect to the following:

(a) New or revised regulations or precautionary measures deemed to be necessary or advisable for the protection, conservation, and management on a sustained-yield basis of the fishery and other renewable marine and fresh-water resources.

Management, etc., on sustained-yield basis.

(b) New or revised regulations or precautionary measures deemed to be necessary or desirable to insure adequate protection of the fishery and other biological resources from contamination by pollution or other hazards, and to prevent spoilage or deterioration of fishery products; such recommendations to apply to catching, landing, processing, transporting, marketing, or storing fishery products or commodities derived from the fisheries.

Protection from contamination and spoilage.

(c) The opportunities for, and the advisability of further arrangements for, coordinating fishery administration and management through State fishery compacts with the consent of the Congress (as authorized by article I, section 10, of the Constitution of the United States of America), and opportunities for, and the advisability of additional coordinated management and administration of, international fisheries.

State fishery compacts.

International fisheries.

(d) The means of effecting the maximum utilization, consistent with their continued preservation at an optimum level of productivity, of the marine and fresh-water fishery resources utilized or potentially capable of utilization for commercial and recreational fishing, giving special consideration to methods of managing and increasing the fishery production of interior waters, including artificial impoundments and farm ponds.

Means of effecting maximum utilization.

(e) New and improved methods of capturing, landing, processing, storing, distributing, and marketing fishery products or commodities, including increasing consumption as food and the industrial utilization of fishery products through public education, or other activities; such recommendations to contemplate the full and cooperative use of the personnel and facilities of appropriate State, Territorial,

Improved methods of capturing, processing, marketing, etc.

county, local, or other organizations, as well as those of private and industrial or other organizations and enterprises.

Program of economic stabilization.

(f) A program of economic stabilization of the fisheries and of Federal, State, or other assistance needed during the post-war period and thereafter to effect orderly development and expansion of the commercial fisheries and allied enterprises, and to secure and provide for the fisheries benefits comparable to those afforded the food production activities and industries dependent upon the lands.

Statistical and market-reporting system.

(g) A comprehensive statistical and market-reporting system to provide complete, accurate, and current data on production and fishing intensity in the commercial and recreational fisheries, to facilitate the most efficient utilization of the aquatic resources and the greatest possible benefits and returns therefrom, as well as for the purpose of providing fundamental information on rates of withdrawal in order that the effects of utilization upon the basic resources may always be known.

Financing of program.

(h) Special and regular appropriations necessary to establish a national policy and to carry out a program for the optimum utilization of the marine and fresh-water commercial and recreational fishery resources such as may be necessary to accomplish the specific purposes and objectives hereinbefore mentioned, including funds for the publication and dissemination of technical and practical information.

Appropriation authorized.

SEC. 3. There is authorized to be appropriated, out of moneys in the Treasury not otherwise appropriated, such funds as may be necessary for the purpose of carrying out the provisions of this joint resolution, but not to exceed \$20,000.

[H. J. Res. 166]
[Public Law 316]

Whereas the United States Court of Claims, by interlocutory judgment of December 1, 1941, in a suit by the Menominee Tribe of Indians against the United States, Numbered 44294, brought pursuant to the provisions of the Act of September 3, 1935 (ch. 839, 49 Stat. 1085), as amended, found and held that the Menominee Indians are entitled to recover from the United States the value of timber removed from, and the present acquisition cost of, certain swamplands within the boundaries of their reservation which the United States, in violation of the provisions of the treaty of May 12, 1854 (10 Stat. 1064), failed to convey to the Menominee Indians, but reserved for further proceedings the determination of the amount of the recovery and the deduction of offsets, if any; and

Whereas said Act of September 3, 1935, provided that in the event of a judgment against the United States as aforesaid, the United States may in lieu of paying the present acquisition costs of such lands acquire and hold said lands in trust for the sole benefit and use of the Menominee Tribe of Indians, but provided no method for exercising such election: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That upon petition of the attorneys for the Menominee Tribe of Indians, the Court of Claims shall, in order to give effect to its interlocutory judgment, enter judgment in favor of the said tribe for (a) \$13,666.80, representing the amount of the recovery by reason of the timber removed since May 12, 1854, from the swamplands which the court has found the United States unlawfully failed to convey to the said tribe pursuant to the treaty of May 12, 1854; and (b) \$1,767,616.11, representing the present acquisition cost of such lands to the said tribe of Indians; and no offsets, including gratuities, shall be allowed to the United States in determining the amount of such judgment, but any such offsets which the United States may have, including gratuities, as defined in section 3 of the Act of September 3, 1935 (ch. 839, 49 Stat. 1085), as amended, may be pleaded and allowed in any other suit now pending or here-

SEC. 3. After the entry of such judgment, the Court of Claims, without awaiting the appropriation by the Congress of money to pay the same, shall, on petition of attorneys for the Menominee Tribe of Indians, determine the amount of fees which the attorneys for the Menominee Tribe of Indians shall be entitled to receive under section 7 of the Act of September 3, 1935, as amended.

The portion of such judgment representing the value of the timber specified in section 1 (a) less the pro rata amount thereof deductible for attorneys' fees, in the same ratio that the total amount of attorneys' fees bears to the amount of the judgment, shall upon the completion of the purchase of the said swamplands be deposited in the Treasury of the United States to the credit of the Menominee Tribe of Indians as provided in the last sentence of section 7 of the Act of September 3, 1935, as amended. The balance of the appropriation shall be available for the purchase from the State of Wisconsin, but not by eminent domain, of the swamplands specified in section 1 (b). The purchase of the said swamplands shall be made by the Secretary of the Interior, who is authorized to accept on behalf of the United States a quitclaim deed or other form of conveyance to such lands satisfactory to the Attorney General of the United States. Title to such lands shall be taken in the name of the United States in trust for the Menominee Tribe of Indians.
