DEPARTMENT OF EXTERNAL AFFAIRS
CANADA

OTTAWA, August 31, 1945

SIR:

Under the exchange of notes of June 27–29, 1942, the Canadian Government acquired an option to purchase the facilities of the crude oil pipeline from Norman Wells to Whitehorse and the refinery at Whitehorse at a valuation based upon the commercial value of the pipeline and refinery as agreed by valuers named by Canada and the United States. Under the exchange of notes of February 26, 1945, it was agreed that this valuation should take place within a reasonable time following notice of the termination of operation of the project or a major part thereof.

The Canadian Government has decided not to exercise the option referred to in the preceding paragraph and desires to inform the Government of the United States that it is now willing to waive that option. Under these circumstances it believes that the interest of neither country would be served by proceeding with former plans for joint valuation and that these should therefore be abandoned.

The exchange of notes of June 27–29, 1942, provided that if the Canadian Government did not exercise its option, now waived, to purchase the crude oil

oil facilities within three months, they might be offered for sale by public
tender with the amount of the valuation as the reserve price. In view of
the desire of the Canadian Government not to proceed with joint valuation
of the project, the Canadian Government likewise waives the provision above
referred to whereby the facilities must be offered at the reserve price.

It is understood that the United States Government will at a later date
submit to the Canadian Government plans for the disposition of the Canol
facilities.

The Canadian Government hopes that the waivers of its rights as set forth
above will be acceptable to the Government of the United States and will
facilitate disposition of the Canol facilities.

Accept, Sir, the renewed assurances of my highest consideration.
