CONVENTION ON THE PAN AMERICAN HIGHWAY

The Governments represented at the Inter-American Conference for the Maintenance of Peace,
Cognizant of the fact that the primary purpose of the Inter-American Conference is the strengthening of the bonds of friendship already existing between the countries of this Continent;
Convinced that direct and material contact between the American peoples necessarily would strengthen those bonds, consolidating therefore the peace of the Continent;
Knowing that the general welfare will be greater when there is greater facility for the exchange of the products of said countries;
Considering, finally, that one of the most adequate and efficient means for the attainment of the moral and material end aimed at jointly by the American Republics, is the termination of a highway which establishes a permanent communication between their respective territories,
