COMBINED SIAM RICE COMMISSION

Tripartite agreement signed at Bangkok May 6, 1946, with exchanges of notes and memorandum of understanding

Entered into force May 6, 1946

Modified by agreements of July 12, September 21, December 18, and December 24, 1946 ¹

Extended by agreements of August 31 and December 24, 1946 ²

Expired August 31, 1947

99 United Nations Treaty Series 181, 199;
157 United Nations Treaty Series 85

TRIPARTITE AGREEMENT

WHEREAS, the Governments of the United States of America, the United Kingdom of Great Britain and Northern Ireland (hereinafter referred to as the United Kingdom), and Siam, consider that it is desirable to take all possible measures for promoting and maintaining the maximum economic production in Siam of rice and certain other export commodities now in short world supply, and for facilitating the exportation of the surpluses of such commodities upon an equitable basis; and

WHEREAS, the Government of Siam recognizes the immediate importance of producing for export and exporting, in accordance with any allocations recommended by the appropriate combined Boards or successor bodies as determined by the Governments of the United States of America and the United Kingdom, the maximum quantities of rice and certain other commodities now in short world supply, and desires to cooperate with the United States of America and the United Kingdom in achieving those objectives, and

WHEREAS, the Governments of the United States of America and the United Kingdom recognize the immediate importance of such production and of the prompt and efficient exploration of Siam rice and certain other commodities now in short world supply in accordance with any allocations recommended by the appropriate combined Boards or successor bodies as determined by such Governments, and desire to aid and cooperate with the Government of Siam in achieving those objectives,

¹ Not printed. The first three of these agreements provided, respectively, for the membership of Siam, India, and China on the Rice Commission. In the Dec. 24 agreement the parties, in addition to extending the agreement to Aug. 31, 1947, agreed upon establishment of a new basic price and application of an export tax.
² Not printed.
The undersigned, being duly authorized by their respective Governments, have agreed as follows:

**Article I**

1. During the period in which this Agreement is in force, the Government of Siam will permit all exports of rice, tin, and rubber only in accordance with allocations recommended by the appropriate Combined Board or any successor body as determined by the Governments of the United States of America and the United Kingdom.

2. The Governments of the United States of America and of the United Kingdom will support an application by the Government of Siam to become a member of the Rice Committee of the Combined Food Board or successor body.

3. During the period in which this Agreement is in force the Government of Siam will take all possible measures to stimulate the production and facilitate the export of the maximum quantities of teak and other hard woods.

**Article II**

1. The Governments of the United States of America and the United Kingdom will establish promptly a Combined Siam Rice Commission (hereinafter referred to as the Rice Commission) to cooperate with and assist the Government of Siam in promoting the maximum economic production of rice in Siam, and to arrange for the exportation of all rice surplus to the internal needs of Siam in accordance with allocations recommended by the Combined Food Board or successor body.

2. The Government of Siam will make all rice and paddy surplus to the internal needs available for exportation under the control system of the Rice Commission and will cooperate with the Rice Commission in stimulating the maximum economic production of rice in Siam.

3. The Government of Siam will not impose or permit the imposition of export or other duties on rice or paddy other than those in effect on the date of the signing of this Agreement, except as may be determined by agreement between the Government of Siam and the Rice Commission.

4. The Rice Commission will assist the Government of Siam with respect to measures designed to effectuate and expedite achievement of the objectives in regard to rice production and export sought by this Agreement and will recommend to the Governments of the United States of America and the United Kingdom such measures of assistance as it deems essential for such purposes, particularly in regard to

(a) the procurement and importation of items required in connexion with rice production and exportation, including milling, transportation, and repair of port facilities; and
(b) the procurement and importation of needed incentive consumer goods.

5. It is mutually agreed by the Governments of the United States of America, the United Kingdom and Siam that (except for any rice or paddy which the Siamese Government may supply to any nation or organization pursuant to the Formal Agreement between the Governments of the United Kingdom and India and the Government of Siam signed January 1, 1946, as modified by the notes exchanged between His Britannic Majesty's Minister at Bangkok and the Siamese Minister of Foreign Affairs at Bangkok on May 1st, 1946) all rice and paddy exported under the control system of the Rice Commission will be paid for at prices to be determined by agreement between the Government of Siam and the Rice Commission.

ARTICLE III

1. This Agreement shall be effective beginning with the day of its signature. It shall remain in effect until September 1, 1946, and shall be renewable for two periods of six months each thereafter upon the request of the Governments of the United States of America and the United Kingdom.

2. If, while this Agreement is in effect, any of the commodities specified in paragraph 1 of Article I should cease to be subject to recommended allocation by a Combined Board or successor body, the provisions of paragraph 1 of Article I of this Agreement shall not thereafter apply to such commodity. If rice should cease to be subject to such allocation, the provisions of Article II shall thereupon terminate, except as to obligations already incurred.

Done in triplicate in the English and Siamese languages this sixth day of May, one thousand nine hundred forty-six, of the Christian Era, corresponding to the sixth day of the fifth month in the two thousand four hundred eighty-ninth year of the Buddhist Era.

Exchanges of Notes, with Memorandum, on Policies and Procedures

The British Minister at Bangkok to the Siamese Minister for Foreign Affairs

BRITISH LEGATION
BANGKOK

(342/3/46) 6th May, 1946

Excellency,

I have the honour to refer to recent conversations held in Bangkok between Your Excellency, the United States Chargé d’Affaires and myself regarding the policies and procedures for carrying into effect the Tripartite Agreement between the Governments of the United States of America, the United Kingdom of Great Britain and Northern Ireland, and Siam relating to Siam rice and certain other commodities in short world supply, signed this day at Bangkok, insofar as the Tripartite Agreement relates to the production and export of Siam rice.

2. I enclose herewith a “Memorandum of Understanding” containing a statement of the agreements which were arrived at as a result of the conversations to which reference has been made with regard to the policies and procedures for implementing the Tripartite Agreement insofar as that agreement relates to the production and export of Siam rice.

3. I am sending an identical note to the United States Chargé d’Affaires and it is my understanding that he is sending an identical note to Your Excellency.

4. If the “Memorandum of Understanding” is in accordance with the understanding of the Government of Siam and of the Government of the United States, these notes and the replies thereto of Your Excellency and of the United States Chargé d’Affaires will be regarded as placing on record the agreements between the three Governments set forth in the “Memorandum of Understanding”.

I avail myself of this opportunity to renew to Your Excellency, the assurance of my highest consideration.

G. H. THOMPSON

His Excellency NAI DIRECK JAYANAMA
etc., etc., etc.
Minister for Foreign Affairs
Bangkok
Memorandum of Understanding

1. Representatives of the Governments of the United States of America, the United Kingdom of Great Britain and Northern Ireland (hereinafter referred to as the United Kingdom), and Siam have discussed the policies and procedures to be followed in carrying into effect the Agreement (hereinafter referred to as the Tripartite Agreement) between the Governments of the United States of America, the United Kingdom, and Siam relating to Siam rice and certain other export commodities in short world supply, signed this day at Bangkok, insofar as that Agreement relates to the production and export of Siam rice.

2. The Tripartite Agreement has been entered into and the Rice Commission is to be established pursuant to its terms for the sole purpose of relieving critical food deficiencies in other areas during the current period of short world supply by stimulating the economic production of Siam rice and expediting the export to importing countries upon an equitable basis of all rice surplus to the internal needs of Siam.

3. Under the Tripartite Agreement the Government of Siam has assumed the primary responsibility for achieving the foregoing objectives and the Rice Commission is to be established by the United Kingdom and United States Governments to assist the Government of Siam in achieving these objectives. While specific powers and responsibilities are given to the Rice Commission and specific undertakings are given by the Government of Siam, the Government of Siam and the Rice Commission will at all times work in harmonious cooperation in order to achieve the objectives to which all three Governments are committed.

4. In view of the present acute world shortage of rice, it is essential to maximize the quantity of Siam rice available for export. The production of low-milled rice with a high broken rice content not exceeding approximately thirty-five per cent should, therefore, be encouraged. An appropriate basic standard sample will be determined by the Government of Siam in agreement with the Rice Commission and the Government of Siam will instruct millers to confine their output so far as practicable to this standard. Standards for other qualities already milled or which cannot be milled to the basic standard, and for broken rice which cannot be retained in the standard qualities, will be similarly determined.

5. It is intended that the prices to be paid for export rice and paddy (to be determined as provided in the Tripartite Agreement by agreement between the Government of Siam and the Rice Commission) should be sufficiently high from the outset not only to encourage the flow of paddy from grower to miller and the making of all surplus rice available for export under the control system of the Rice Commission, but also to stimulate economic expansion of rice production. The basic price will be based on the basic standard sample with appropriate differentials similarly determined for other
grades, including loonsain and broken rice, at levels which will discourage the
unnecessary production of broken rice. The Government of Siam, if so recom-
manded by the Rice Commission, will license all millers and restrict all pur-
chases and sales by millers to prices established by it in agreement with the
Rice Commission.

6. Under the Tripartite Agreement the Government of Siam has under-
taken to make all rice and paddy surplus to the internal needs of Siam
promptly available for export under the control system of the Rice Comis-
sion and it will take all reasonable means to accomplish this, including require-
ment of returns from all holders of stocks of rice and paddy, the institution
of collection schemes and, if need be, compulsory sales at the established
prices, if so recommended by the Rice Commission. The Government of Siam
will use all reasonable means to ensure adequate rice milling facilities, includ-
ing, if necessary, the cannibalizing of mill or other machinery; to ensure ade-
quate transport from paddy fields to mills and from mills to ports; and to
effect prompt restoration of adequate port facilities.

7. The Government of Siam will notify the Rice Commission from time
to time of the quantities of rice at Bangkok available for export under the
control system of the Rice Commission, giving the names of suppliers, num-
ber of bags, locations, grades, and all other relevant particulars. Whether
the rice is held by the Government of Siam or by a private supplier will be a
matter for arrangements between the Government of Siam and the supplier.

8. The Rice Commission will at no time be a purchaser of rice or engage
in the transportation of rice or similar operational activities. All export rice
made available to the Rice Commission will be held as a pool subject to the
control system of the Rice Commission. The Rice Commission will at no time
have title to any rice or be financially responsible for any loss of rice which
may occur.

9. The Combined Food Board or successor body will notify the Rice Com-
mission of all locations of Siam rice as recommended by it. The Rice Commis-
sion will from time to time determine the rice to be made available and so
notify the respective countries or organisations to which allocations have been
made or their agents or designees (hereinafter called the purchasers). Such
notification will constitute authority to the purchaser to conclude a purchase
contract or contracts, directly or through any agent, with the Government
of Siam or designated private supplier, as the case may be, for the rice at
the established prices and on the terms specified in the notification. The Rice
Commission will reserve the right to reassign and may direct the reassignment
of any such contract to another authorised purchaser. The Government of
Siam will prohibit the making of any contract for the purchase of rice for
export which is not authorized by the Rice Commission.

In exceptional cases the Rice Commission may order specific rice on board
a ship, notifying the rice F.O.B. to a designated purchaser.
The provisions of this paragraph will not apply to any contract entered into before the conclusion of the Tripartite Agreement.

10. As used in this Memorandum the term “purchaser” includes any country or organisation to which the Government of Siam may supply rice at Bangkok under the provisions of Article XIV of the Formal Agreement between the Governments of the United Kingdom and of India and the Government of Siam signed at Singapore on January 1, 1946, as modified by the notes exchanged between His Britannic Majesty’s Minister at Bangkok and the Siamese Minister of Foreign Affairs at Bangkok on May 1, 1946. Procedures whereby rice contracted to be purchased as provided in paragraph 9 may be made available to such a designated purchaser free of cost in accordance with such Article, as so modified, will be made by the Government of Siam and such purchaser without reference to the Rice Commission.

11. The basic contract price for rice to be exported will be *ex mill*, will exclude the cost of bags, and will be for net cash payment in sterling or U.S. dollars. The Rice Commission may, however, authorise contracts *F.O.B.* when desired by the purchaser and supplier, but all such contracts must be approved by the Rice Commission until such time as a schedule of uniform forwarding charges and lighterage fees is established by the Government of Siam in agreement with the Rice Commission.

The Rice Commission may also authorise contracts when desired by the purchaser and supplier providing for other than net cash payment and for payment in currency other than sterling or U.S. dollars. The terms and the price to be paid and/or the rate of exchange employed must, however, be submitted to the Rice Commission. The Rice Commission will approve such contracts if it is satisfied that they comply with the established prices and prevailing rates of exchange.

12. If rice is lost from any cause after notification of specific rice to a purchaser and prior to the arrival of such rice at a port in the country of destination, the Rice Commission will notify to the purchaser as replacement a similar amount from the pool under the same Combined Food Board allocation and authorise a new contract therefor. If there should be substantial losses, the Rice Commission in its discretion may curtail *pro rata* the shares of all purchasers including those suffering losses.

13. Because all export rice will be held as a pool and purchase contracts may be reassigned at the direction of the Rice Commission, it is essential that the certification as to weight and quality of rice purchased for export should be by firms acceptable to all purchasers. The Rice Commission will therefore designate a panel of the firms whose certificates are so acceptable. Each purchaser, except on a reassigned contract, may designate a firm of its own choice from such panel.

14. Each purchase contract will provide that the purchaser will accept all sound rice delivered pursuant to the contract even though inferior to the
standard qualities called for in the contract, but that as to any such inferior sound rice so delivered an allowance as to price will be assessed by arbitration.

15. In order to facilitate the prompt export of rice, the Rice Unit of the British Ministry of Food will from time to time as required make bags available under such arrangements as may be agreed upon between the Rice Unit and the Government of Siam providing for the prompt distribution of such bags under guarantee that they will be used only for bagging rice for export and that the cost of such bags, including all expenses of transportation, distribution and necessary overheads, will be paid by the purchasers of the rice.

16. Expenses incurred by the Rice Unit in connexion with the export of rice exported prior to the establishment of the Rice Commission including the cost of bags supplied free of cost, will be applied against the cost of that rice and borne by the recipients. To the extent that expenses were incurred by the Rice Unit on account of rice exported under the control system of the Rice Commission the Rice Unit will be reimbursed by the purchaser or supplier as the case may be.

17. The Rice Commission will engage such personnel as may be necessary for the proper performance of the functions assigned to it and all personnel and operating expenses of the Rice Commission will be borne by the Governments of the United Kingdom and of the United States of America.

18. The Rice Commission will make such reports to the Rice Committee and to the Sub-Committee of the Rice Committee of the Combined Food Board or successor body as are necessary to the functioning of those committees and are proper under their respective terms of reference.

19. All decisions of the Rice Commission will be reached within the terms of the Tripartite Agreement and this Memorandum of Understanding in accordance with procedures agreed upon between the members of the Rice Commission who will work in close cooperation with each other in reaching the most practicable solution of problems as they arise, with a view to the effective accomplishment of the objectives of the Governments of Siam, of the United States of America, and of the United Kingdom.

The Siamese Minister for Foreign Affairs to the British Minister at Bangkok

MINISTRY OF FOREIGN AFFAIRS
SARANROM PALACE

No. 2481/2489

6th May, 2489

Monsieur le Ministre,

I have the honour to acknowledge receipt of Your Excellency's note of the same date enclosing a "Memorandum of Understanding" containing a statement of the agreements which were arrived at as a result of recent conversa-
tions between you, the American Chargé d’Affaires and myself regarding the policies and procedures for carrying into effect the Tripartite Agreement between the Governments of Siam, the United States of America, and the United Kingdom, relating to Siam rice and certain other commodities in short world supply, signed this day at Bangkok, insofar as the Tripartite Agreement relates to the production and export of Siam rice.

I am happy to inform Your Excellency that the “Memorandum of Understanding” is in accordance with the understanding of my Government and that if the “Memorandum of Understanding” is in accordance with the understanding of the Government of the United States of America your note, the similar note which my Government has received from the American Chargé d’Affaires and the similar note which you inform me has been sent to the American Chargé d’Affaires, together with the respective replies to these notes, will be regarded as placing on record the agreements between the three Governments set forth in the “Memorandum of Understanding”.

I avail myself of this opportunity, Monsieur le Ministre, to renew to Your Excellency the assurance of my highest consideration.

DIRECK JAYANAMA
Minister of Foreign Affairs

His Excellency Monsieur G. H. THOMPSON
His Britannic Majesty's Envoy
Extraordinary and Minister Plenipotentiary
Bangkok

The British Minister at Bangkok to the American Chargé d’Affaires

BRITISH LEGATION
BANGKOK

6th May, 1946

SIR,

With regard to paragraph 17 of the Memorandum of Understanding relating to the Tripartite Agreement signed this day between the United States, the United Kingdom, and Siam in so far as the Tripartite Agreement relates to the production and export of Siam rice, it is the understanding of my Government that the personnel and operating expenses of the Combined Siam Rice Commission will be borne in approximately equal proportions by our two Governments under such arrangements as may be worked out. If this understanding is in accordance with the understanding of your Government,
this letter and your reply thereto will be regarded as placing on record the understanding of our two Governments with regard to the personnel and operating expenses of the Commission.

I am, Sir,

Yours truly,

G. H. THOMPSON

CHARLES W. YOST, Esq.

Chargé d’Affaires

American Legation

Bangkok

The American Chargé d’Affaires at Bangkok to the British Minister

BANGKOK, May 6, 1946

SIR:

In acknowledging receipt of your letter dated May 6, 1946, I have the honor to inform you that the understanding of my Government is in accordance with the understanding of your Government, as stated in your letter, that the personnel and operating expenses of the Combined Siamese Rice Commission will be borne in approximately equal proportions by our two Governments under such arrangements as may be worked out.

Sincerely yours,

CHARLES W. YOST

Chargé d’Affaires

The Honorable G. H. THOMPSON

H. B. M. Minister

Bangkok
