

This catalog is a guide to braille music scores for organs in the NLS collection. It is divided into two sections. "Composers" includes entries that are listed in alphabetical order by composer, editor, or in some instances, by title; and "Collections" lists books that include works by various composers as well as instructional method books.

Print-edition information is given for most listings; volume numbers refer to print volume numbers. Print publisher is listed followed by braille publisher.

Braille scores are available on a ninety-day, renewable loan to eligible persons. Materials may be ordered by calling the Music Section 800-424-8567, emailing nlsm@loc.gov, or by writing to Music Section, The National Library Service for the Blind and Print Disabled, Library of Congress, Washington, DC 20542. Some titles below are available on BARD (Braille and Audio Reading Download) and links provided.
