Doctor Merle T. Adkins

"Doc" Adkins, one of the leading pitchers of the Baltimore Eastern League team, has been connected with them since 1903. In the seven years ending 1910 he has been responsible for 229 games, of which he has won 138 and lost 91. In the same period he has struck out nearly 800 men, giving only half that number their bases on balls. The records also show that "Addie" is an adept at keeping hits scattered, as the number of runs scored by opponents is small in proportion to hits made. His work during the season of 1911 has helped keep Baltimore up in the race.
