

# VETERANS HISTORY PROJECT FOUNDING PARTNERS

---

During its first decade, the Veterans History Project (VHP) ran a *Partner Program* to encourage participation from and formally recognize organizations that contributed veterans' collections.

Located in every state, these organizations were formative and pivotal to VHP's success. In 2010, VHP officially transitioned the program to an emeritus status of *Founding Partners*; members received a formal letter of appreciation, and many of them continue to submit veterans' collections to VHP.

Since that time, any participating individual or organization is considered a *Contributor*, regardless of how many collections they submit. VHP is equally grateful for every *Contributor*, and hopes that they will continue to collect and submit the firsthand remembrances of the veterans in their lives and communities to the Library of Congress, as well as share the experience and collections with others.

# NATIONAL ORGANIZATIONS
