SOUVENIR | "Government of the People, by the People, for the People Shall not Perish from the Earth." | EXTRA.

1776 | WOONSOCKET, DAKOTA, JULY 4. S.D. | 1885

Welcome!

On behalf of the people of Woonsocket and in the interest of the young city whose growth and development in all that renders it the thriving, enterprising metropolis it is to-day, we have watched and abetted and encouraged from its infancy, the TIMES bids a cordial welcome to all our friends who join with us in our first celebration of the National Birthday. Let it be also the celebration of our freedom from sectional strife and hatred, and of our perfect union in whatever tends to the development and improvement of Sanborn county, than which there is no fairer spot in all the wide domain of the "Empire Territory." Let us to-day remember only that we are one people—one in thought, purpose and ambition, and that we have a common interest—the building up of happy, prosperous homes in this new Land of Promise.

Freedom's Battlefield.

[Nothing can be more appropriate to the "Day We Celebrate" than the subjoined extract from the oration by George William Curtis, delivered at the one-hundredth anniversary of the battle of Concord.—ED.]

"Fellow citizens, that union is the lofty task which this hallowed day and this sacred hour impose upon us. And what cloud of doubt so dark hangs over us as that which lowered above the colonies when the troops of the king marched into the town, and the men of Middlesex resolved to pass the bridge? With their faith and their will we shall win their victory. No royal governor, indeed, sits in yon stately capital; no hostile fleet, for many a year, has vexed the waters of our coast; nor is any army but our own ever likely to tread our soil. Not such are our enemies to-day. They do not come proudly stepping to the drum-beat, with bayonets flashing in the morning sun. But wherever party spirit shall strain the ancient guarantees of freedom, or bigotry and ignorance shall lay their fatal hands upon education, or the arrogance of caste shall strike at equal rights, or corruption shall poison the very springs of national life, there, minute men of liberty, are your Lexington Green and Concord Bridge; and as you love your country and your kind, and would have your children rise up and call you blessed, spare not the enemy. Over the hills, out of the earth, down from the clouds, pour in resistless might. Fire from every rock and tree, from door and window, from hearthstone and chamber; hang upon his flank and rear from noon to sunset, and so through a land blazing with holy indignation hurl the hordes of ignorance and corruption and injustice back, back in utter defeat and ruin!"

WOONSOCKET

"City of the west,
Built up in a minute;
Hurry! Hurry! Hurry!
Everybody in it."

So ran an old song of SanFrancisco; and it might with almost equal propriety be sung of Woonsocket, which has become widely known as the "Infant Wonder." Travelers, in speaking of it, use in earnest the term so often applied in jest—"Boomstruckit." No place in Dakota ever knew a growth so marvelous—marvelous alike for its rapidity and substantiability. Other towns have been built up as suddenly, but none of them with that substantial, and truly elegant class of buildings which have marked the growth of Woonsocket.

But the old boom days are over, and we are not sorry. A continuation of the first year's growth would have ere long brought on a relapse, which we have avoided, the surrounding country having fully kept pace with us.
